CUSTOMER CENTRICITY

Partners in every life stage

India's life insurance sector is undergoing a fundamental transformation, driven by rising financial awareness, expanding digital access and a deepening demand for personalised protection. According to industry reports for FY26, the life insurance industry recorded a 4% growth in new business premiums, reflecting growing customer participation and trust.

As expectations evolve, life insurers must go beyond the traditional promise of financial protection. They must earn trust through relationships built on transparency, empathy and long-term value. At Aditya Birla Sun Life Insurance Company Limited (ABSLI), we put customers first. This is not just a strategy for us, but because we understand that people place their future in our hands. That responsibility guides every decision we make.

Customer centricity is a strategic priority, and it runs through everything we do. From the products we design to the technologies we deploy and the way we serve, our focus is clear: to meet the real, evolving needs of our customers.

We recognise that financial goals vary widely across individuals. In FY26, our product innovations were guided by this understanding—resulting in solutions tailored to life's different stages and priorities.

The ABSLI Nishchit Pension Plan offers the assurance of lifelong income after retirement. The Salaried Term Plan addresses the unique protection needs of salaried individuals and their families. Our market-linked offerings such as ABSLI Platinum Gain and ABSLI Fortune Wealth combine long-term life cover with flexible investment potential, aligning with evolving financial aspirations.

As more Indians embrace a digital-first lifestyle, we are reimagining how life insurance is experienced. Through intuitive mobile platforms, AI-enabled support, and simplified self-service tools, we are making life insurance more accessible, more responsive and more personal. The goal is simple: to give customers control over their financial well-being, anytime and anywhere.

We are also aligned with national imperatives such as the Government's Insurance for All by 2047 vision and the IRDAI's call for a customer-first industry framework. These initiatives echo our own purpose—to ensure that every Indian has access to trusted financial solutions that meet their present needs and safeguard their tomorrow.

At ABSLI, customer centricity is not a milestone—it is how we work, every day. It means listening with care, acting with integrity, and delivering value in every interaction. As we shape the future of life insurance, we remain firmly anchored to what matters most: earning the trust of every customer we serve.

Customer centricity in action: Our 5C's of priority

ABOUT ABSLI

Ensuring a secure tomorrow

For over two decades, Aditya Birla Sun Life Insurance Company Limited (ABSLI) has been providing life insurance solutions that protect, support, and empower individuals and families across India. Today, we are one of the country's leading life insurers, offering a comprehensive suite of products that serve customers at every stage of life.

At ABSLI, our commitment to security means more than financial protection — it's about helping people plan with confidence, knowing their future and their family's well-being are safeguarded. Our product range includes children's plans, wealth protection and creation solutions, retirement and pension products, health insurance, traditional term plans, and Unit Linked Insurance Plans (ULIPs). By bringing these offerings under a unified brand, we ensure customers can access trusted, relevant solutions with ease.

Strong network

We have built a strong presence across India, operating 450+ branches in over 4,700+ cities. Our distribution is strengthened by 12 bancassurance partners, six distribution channels and a network exceeding 70,000+ individual agents. Supported by a dedicated team of 32,000+ employees, we serve over 22.57 Lakh+ active customers nationwide.

Performance

As of March 2026, our total AUM stood at ₹110,505 Crore. In FY26, we recorded a Gross Premium Income of ₹24,779 Crore, reflecting a 20% y-o-y growth. Our Individual Business First Year Premium (FYP at 10%) reached ₹4,725 Crore, ranking us 7th in the Individual Business segment (adjusted for 10% single premium). Renewal premiums totalled ₹12,190 Crore, underscoring strong customer loyalty and sustained engagement.

ABSLI operates as a subsidiary of Aditya Birla Capital Limited and is a 51:49 joint venture between the Aditya Birla Group and Sun Life Financial Inc., a leading international financial services company based in Canada.

Vision and Mission

To be a leader and role model in a broad-based and integrated financial services business

Values

Integrity, Commitment, Passion, Seamlessness and Speed

The Four Pillars of ABSLI's Vision

To be a leader

We are committed to being a leader in all facets of our businesses, rather than being just another participant in this race.

To be a broad-based player

We are committed to meeting all the felt and unfelt needs of our target customer. And thereby, we can retain him or her across their needs and life stages.

To be a role model

We will not become leaders by cutting corners or making compromises. Whatever we do, we will strive to be the best in class. And if we are the best, then our customer will have no reason to go elsewhere – therefore our leadership is assured, on pure merit.

We aim to be an integrated player

We believe that this approach gives us a competitive edge through the sharing of best practices, deriving cross-business synergies and providing the talent pool with a world of opportunity to grow.

Innovating for impact

New products

- This year, we introduced ABSLI Super Term Plan - A Non-Linked Non-Participating Life Individual Pure Risk Premium Plan on 12th June 2025. It offers comprehensive life insurance coverage to policyholders, helping them safeguard their family's aspirations and protect their financial well-being when they are not around.
- This year, we introduced ABSLI Index Guaranteed Annuity Plus (iGAP) - A Non-Participating, Non-Linked, Individual General Annuity Plan. It is a new-age hybrid annuity plan for retirement that offers combination of Guaranteed and Index Linked Annuity for Lifetime. It offers a regular income, part of which is guaranteed and part is with a potential upside for worry-free golden retirement period.

Group products

New products

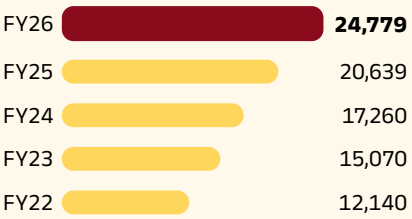

- This year, we introduced the ABSLI Group Capital Growth Plan in June 2025. It is a unit-linked, group fund-based product that offers employers or trustees a flexible, cost-effective, and comprehensive solution for managing their liabilities. The plan is designed to facilitate corpus creation and efficiently manage liabilities for various employee benefits under both superannuation and non-superannuation schemes, such as Gratuity, Leave Encashment, PRMS, and other employee benevolence schemes.
- We have recently introduced the ABSLI Group Capital Enhancement Plan on 11th March 2026. This plan is largely a replica of the ABSLI Group Capital Growth Plan. The key difference lies in the Guaranteed Addition feature, where the Enhancement Plan offers a more attractive additional allocation rate, thereby providing improved benefits to policyholders.

MD & CEO'S MESSAGE

Deepening Trust. Strengthening Foundations.

We At Aditya Birla Sun Life Insurance, we remained focused on delivering sustainable and profitable growth, anchored in disciplined execution, customer trust, and long term value creation. Our priorities through the year were clear: enhance business quality, strengthen value creation, and invest consistently in capabilities that will enable us to serve customers better over the long term.

Kamlesh Rao
MD & CEO

Dear Shareholders,

FY26 was a year of steady progress and strengthened confidence for the Indian life insurance industry, but it was by no means an easy one. The sector operated in a demanding environment shaped by macroeconomic volatility, rapidly evolving customer expectations, and accelerating technological change, even as it navigated a series of far-reaching regulatory and structural shifts. These included GST-related developments, revised surrender value regulations, the transition towards IFRS-led financial reporting, the progression towards a Risk-Based Capital (RBC) regime, and the momentum towards industry-wide platforms such as Bima Sugam aimed at reshaping access and distribution. Together, these developments tested the industry's agility, discipline, and resilience. That we continued to deliver growth and sustain consumer confidence through this phase is a strong reflection of the sector's inherent strength and its commitment to building a more transparent, robust, and future-ready ecosystem.

These changes, along with volatile global markets driven by geopolitical developments and evolving labour frameworks, created both challenges and tailwinds, further strengthening the industry's resilience and long-term relevance in India's financial landscape.

We At Aditya Birla Sun Life Insurance, we remained focused on delivering sustainable and profitable growth, anchored in disciplined execution, customer trust, and long term value creation. Our priorities through the year were clear: enhance business quality, strengthen value creation, and invest consistently in capabilities that will enable us to serve customers better over the long term.

Delivering Consistent Growth with Improving Business Quality

During FY26, our strategy remained centered on building a balanced and resilient business across individual and group segments. We continued to prioritize traditional protection and savings solutions as the backbone of our portfolio, complemented by selective participation in market linked products aligned with customer needs and long term outcomes.

Over a two-year period, our performance in terms of growth reflects a strong and consistent trajectory, complemented by a steady expansion in assets under management, underscoring both scale and quality of business growth. Our Individual First Year Premium over a 2-year CAGR grew to 24% v/s industry growth of 10%.

Renewals remained a key pillar of business stability. Renewal premiums grew by 17% year on year to 12,189 Cr, supported by strong persistency across cohorts, higher auto pay adoption, and a growing share of digital renewals. In FY26, our AUM grew by 11% at ₹1,10,505 Cr.

Our group business continued to scale meaningfully, with group new business premium growing by 31% year-on-year, driven primarily by credit life and fund business. This growth marks a clear turnaround from the contraction witnessed in earlier periods of FY26, supported by a calibrated reset in our approach to pricing, risk selection, and partner engagement. As lending activity gained momentum across the financial system, our disciplined strategy enabled us to participate in growth while preserving profitability.

Renewals remained a key pillar of business stability. Renewal premiums grew by 17% year on year to 12,189 Cr, supported by strong persistency across cohorts, higher auto pay adoption, and a growing share of digital renewals. In FY26, our AUM grew by 11% at ₹1,10,505 Cr. These outcomes underline our sustained emphasis on customer lifetime value and the strengthening quality of our in force book.

Product Innovation Aligned to Life Stage Needs

An important focus area in FY26 was strengthening our product portfolio to reflect the evolving financial priorities of Indian households. Customers today are looking for solutions that combine adequate protection, income certainty, and long term wealth creation—tailored to different life stages and changing personal circumstances.

To address the growing protection gap, we strengthened our term insurance offering with the Super Term Plan, designed to provide comprehensive and flexible protection while addressing real life needs such as career breaks and long term health considerations. The product reinforces our commitment to improving protection adequacy in a market where under insurance remains a structural challenge.

Recognising the distinct financial risks faced by women across life stages, we also introduced HER Insurance, a category focused solution that integrates protection with benefits aligned to women's specific health and life needs. This initiative reflects our belief that meaningful insurance solutions must increasingly factor in inclusivity and differentiated customer realities.

As retirement planning emerges as a key priority for a growing segment of customers, we strengthened our innovation agenda through iGAP-Indexed Guaranteed Annuity Plan, one of the industry's first variable annuity offerings, designed to provide customers with a combination of market-linked upside and income certainty over the long term.

This reflects our belief that retirement solutions must evolve beyond traditional constructs to offer flexibility, transparency, and relevance across economic cycles.

Across categories, our approach to product innovation remains deliberate and value led. Rather than competing purely on pricing, we focus on designing solutions that balance protection, certainty, and long term sustainability—for both customers and the business.

Strengthening Value Creation and Capital Resilience

Alongside growth and despite regulatory tailwinds bringing uncertainty in our distribution ecosystems, FY26 witnessed continued improvement in value creation. Our new business (VNB) margin expanded by approximately 260 basis points to 20.6%, our highest ever, while absolute VNB grew by 29% year on year to ₹1,055 crore. This reflects disciplined product mix management, prudent pricing, tight cost control, and a consistent focus on profitable growth.

Our embedded value also increased to ₹15,447 crore, supported by healthy returns on embedded value and sustained solvency levels well above regulatory requirements. Strong capital resilience remains a strategic priority, enabling us to invest confidently in growth opportunities while maintaining balance sheet strength.

Distribution Strength as a Competitive Advantage

Our diversified distribution architecture continues to be a key source of strength. With a presence across 4,700+ cities, supported by proprietary channels, bancassurance partnerships, and digital platforms, we remain well positioned to serve customers across geographies and income segments.

During FY26, we continued to invest in strengthening our proprietary distribution footprint while deepening strategic bancassurance partnerships, including expanding our presence across Indian Bank, HDFC Bank, Karur Vysya Bank, and Axis Bank. These investments are aimed at bringing in a balanced approach to improve productivity, enhance reach, and ensure resilience across business cycles.

Digital Enablement Driving Efficiency and Trust

Digital transformation remains central to how we operate and serve customers. In FY26, 100% of new business was processed digitally, with an increasing proportion of underwriting, servicing, and claims handled through straight through and assisted digital journeys.

Our Pre-Approved Sum Assured (PASA) framework accounted for 31% of individual first-year premium, supported by data-led insights and analytics.

Artificial Intelligence and advanced analytics are increasingly embedded across underwriting, customer servicing, and persistency management, enabling sharper risk assessment, personalised engagement, and improved operational efficiency. For instance, Succeedo, our AI-powered knowledge assistant and role play training bot, continued to strengthen frontline effectiveness and decision-making across the organisation. During the year, it achieved an impressive 91% adoption rate, with 13,258 active users leveraging the platform across our sales hierarchy.

Digital renewal adoption remained strong, supported by automated servicing tools and intelligent platforms such as ZARA, which plays a growing role in renewal collections and customer servicing.

Customer-Centricity Beyond Products

At ABSLI, insurance is ultimately about reassurance at moments that matter most.

During FY26, this commitment translated into strong persistency across cohorts, one of the lowest customer complaint ratios in recent years, and a claim settlement ratio of 98.86%—among our highest ever and amongst the best in the industry. Our customer NPS score also leaped significantly to 66 v/s 59 in the year before that.

These outcomes reflect our continued focus on delivering consistent, transparent, and empathetic customer experiences.

Through initiatives such as grief counselling support for bereaved families and environment linked programs associated with claims settlements, we seek to create impact beyond financial protection, strengthening trust and long term relationships with our customers.

The Path Ahead

The long term fundamentals of the life insurance industry in India remain compelling. As we look ahead, our priorities remain clear:

- Deepening our protection and traditional savings franchise
- Sustaining value creation through strong VNB margins
- Strengthening proprietary distribution and partnership capabilities
- Leveraging data and digital tools to enhance customer outcomes
- Maintaining robust governance, risk management, and capital discipline

With strong foundations and a clear strategic direction, we are confident in our ability to create enduring value for all stakeholders while contributing meaningfully to India's insurance inclusion journey.

With Gratitude

I would like to thank our shareholders for their continued confidence and support, our customers for the trust they place in us, our partners and regulators for their guidance and collaboration, and the communities we serve for allowing us to be part of their financial journeys.

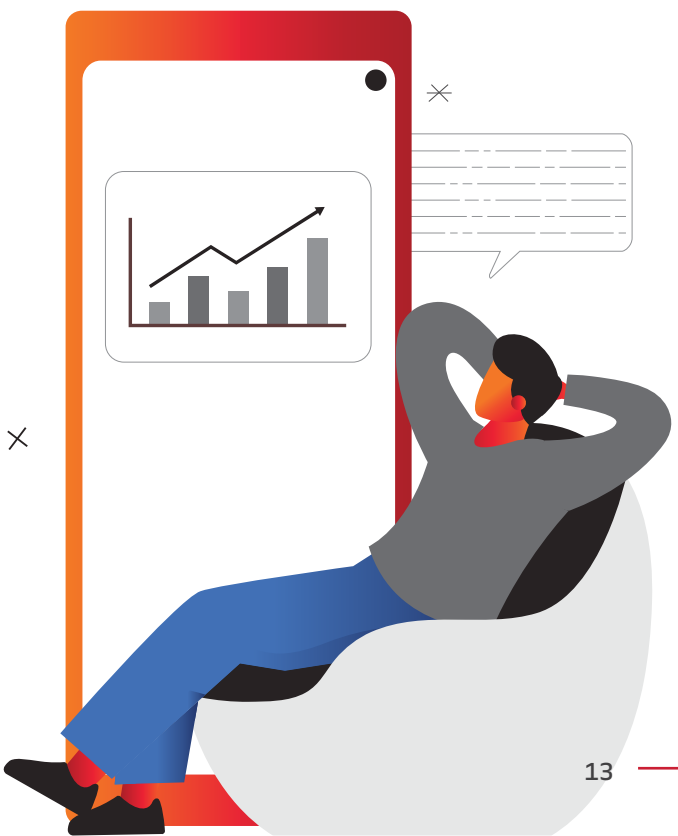

My deepest appreciation goes to our employees. Your integrity, commitment, and customer first mindset remain the bedrock of our success.

Warm regards,

Kamlesh Rao

SUSTAINABILITY AT ABSLI

A balance between growth and responsibility

At ABSLI, sustainability is embedded in everything we do, shaping our approach to growth and responsibility. Every decision is made with foresight, every individual is treated with empathy, and growth is pursued with a deep sense of responsibility. We are proud of the steps we have taken so far and are committed to evolving in response to new challenges, opportunities and stakeholder expectations.

Sustainability, at its core, reflects the delicate balance between ecological integrity, economic prosperity, and social well-being. In a world grappling with climate change, dwindling natural resources, and rising social inequalities, the role of sustainability across all sectors has never been more crucial.

The life insurance industry, entrusted with safeguarding the financial security of individuals and families, shares this responsibility. For ABSLI, embracing sustainability is an ethical duty and a strategic necessity to thrive in a rapidly changing world. We are fully aware of our role and actively engage in initiatives that benefit our people, our environment, and the communities we serve.

Environmental responsibility

In April 2021, we launched an initiative to plant a tree for each insurance claim settled. Since then, over 21,000 saplings have taken root. This programme reflects our ongoing dedication to environmental stewardship and social responsibility, reaffirming our commitment to leave a positive impact beyond financial security.

Saplings planted under our claims-linked afforestation initiative

21,000+

Customer centricity as a sustainability driver

In today's highly competitive business landscape, success is defined not just by what a company offers, but by how well it serves its customers. Happy and satisfied customers drive brand loyalty, enable sustained growth, and ensure long-term profitability, making them essential to any organisation's sustainability journey.

For ABSLI, customers are among our most important stakeholders. By consistently listening, responding, and evolving with their needs, we build trust that endures. This deep-rooted customer focus strengthens not only our business performance but also our social relevance and long-term resilience.

Rural and social sector commitments

Insurance Regulatory and Development Authority of India(IRDAI) had issued new Master Circular on Rural, Social Sector and Motor Third Party Obligations, 2025, applicable from FY26, as per new Rural and Social guidelines, a minimum of 15% of lives should be covered in each allocated Gram Panchayat under rural obligation and a minimum of 10% of total lives covered by an insurer during a financial year, should be from social category and fall under the social sector. ABSLI has taken the necessary measures to meet these regulatory requirements, insuring the lives of the relevant stakeholders in both rural and social sectors as mandated.

Beyond compliance, our efforts are rooted in a deeper commitment to advancing financial inclusion and extending meaningful protection to underserved communities. Our outreach spans a broad socio-economic spectrum, with a strong emphasis on individuals in the unorganised, informal, and economically vulnerable sections of the society. These efforts reflect our intent to make insurance truly inclusive and impactful.

Feedback-driven experience design

At ABSLI, customer feedback plays a central role in shaping and continuously improving our service experience. We actively engage with customers across multiple touchpoints, including email and SMS, ensuring that our services remain relevant, responsive, and easy to use. Each interaction is designed to capture meaningful insights through a simple yet powerful question:

"Based on your recent experience, how likely are you to recommend ABSLI to your friends and family on a scale of 0 to 10"

Responses to this question help us measure our **Net Promoter Score (NPS)**—a key indicator of customer satisfaction, loyalty, and advocacy. NPS provides actionable insights at critical service moments, allowing us to identify friction points, address concerns promptly, and enhance the overall customer experience.

By continuously listening, learning, and acting on customer feedback, we strengthen our commitment to being truly customer-centric. This approach enables us to recognise what is working well, pinpoint areas for improvement, and consistently elevate our service standards in an increasingly competitive environment.

Empathy in action

ABSLI places great emphasis on safeguarding the interests of its insurance policyholders through its dedicated Policyholders Protection Committee. Through quarterly meetings, the committee ensure that the Company, insurers, its distribution partners, and other regulated entities fulfil their obligations towards customers.

The committee oversees the implementation of standard procedures and best practices across the sales and services lifecycles, helping uphold fairness, clarity, and compliance in every customer interaction. A key focus is effective grievance redressal, ensuring that concerns are resolved promptly and transparently.

By embedding these practices into our governance framework, we foster a strong, customer-first culture, one where trust, transparency, and responsiveness define the insurance experience at every step.

Taking charge in 2022, Vishakha envisioned the 'One ABC, One P&L', strategy, anchored on the principles of 'One Customer, One Experience and One Team'. This strategic roadmap has been central to Aditya Birla Capital's transformative journey, driving accelerated growth and improved profitability across businesses. By leveraging data, digital and technology, she reimagined its business model, strengthened platform capabilities, and embarked on a mission to simplify finance, making it as simple as ABCD.

Under her leadership, Aditya Birla Capital expanded its offerings across Loans, Investments, Insurance, and Payments. The company developed an omnichannel D2C platform to deliver comprehensive financial solutions through 'ABCD', its user-friendly, intuitive mobile app. To empower the MSME ecosystem, ABCL launched 'Udyog Plus', its all-inclusive digital B2B lending platform offering business loans, supply chain financing, and value-added services. The company also introduced 'Stellar', its B2D platform aimed at enhancing engagement and productivity among distributors and channel partners.

To further support its future growth objectives, ABCL, under Vishakha's guidance, successfully raised ₹4,500 Crore in growth capital through a combination of preferential issuances, QIP, and divestment of stakes in select businesses. She was also instrumental in seamlessly executing the amalgamation of Aditya Birla Finance Ltd., with Aditya Birla Capital Limited, enabling better access to capital, driving operational synergies and enhanced value creation for all stakeholders

Vishakha is on the board of ABCL's operating companies, including Aditya Birla Housing Finance Limited, Aditya Birla Sun Life AMC Limited, Aditya Birla Sun Life Insurance Company Limited and Aditya Birla Health Insurance Co. Limited. She is also a director on the board of Aditya Birla Management Corporation Private Limited (the apex management company for Aditya Birla Group) and Aditya Birla Capital Foundation. She is an independent director on the board of NPCI International Payments Limited. Vishakha is a member of the Aspen Institute's 'India Leadership Initiative' and served as the Deputy Co-Chair of CII's National Forum on NBFC & HFCs 2023-24.

Before joining the Aditya Birla Group, Vishakha held various leadership positions at the ICICI Group, where she led significant strategic transformations. As Executive Director on the Board of ICICI Bank, she oversaw their domestic and international Wholesale Banking, Proprietary Trading, Markets, and Transaction Banking services. She also served as the MD & CEO of ICICI Venture Funds Management Company Limited and as the Group CFO at ICICI Bank. Among her numerous achievements, Vishakha played a pivotal role in driving the merger of ICICI and ICICI Bank, which led to the formation of the second-largest private sector bank in India. During her tenure, she also led ICICI Bank's structured finance business, served on the board of ICICI Lombard General Insurance Company Limited, and chaired the board of ICICI Bank Canada.

A chartered accountant and career banker with over three decades of experience in leading large-scale, long-term profitable businesses, Vishakha has been recognised with several prestigious honours for her valuable contributions to the world of business and finance, including:

GLOBAL ECONOMIC OVERVIEW

During FY26, the global economy demonstrated resilience despite persistent geopolitical tensions, evolving trade dynamics and relatively tight financial conditions. Economic activity drew support from steady labour markets, easing inflation and resilient consumer demand across several major economies. Growth, however, remained uneven across regions, weighed down by policy uncertainty and softer industrial performance.

The International Monetary Fund (IMF), in its latest World Economic Outlook, projects global growth of around 3.10% in CY26. The United States is expected to grow by approximately 1.90%, aided by healthy consumer spending and stable employment, though elevated borrowing costs and tighter credit conditions are likely to weigh on investment and housing activity. The Euro area is projected to grow at around 1.20%, held back by weak manufacturing, subdued export demand and broader economic uncertainty. China is forecast to expand by 4.30% to 4.50% in CY26, supported by policy measures to lift domestic demand and infrastructure spending, even as real estate weakness, soft consumer sentiment and external trade conditions remain headwinds.

Inflation eased through FY26 from the elevated levels of recent years. Global consumer price inflation is projected to decline from approximately 4.20% in CY25 to around 3.50% in CY26, aided by gradual supply-chain normalisation, softer demand and the cumulative effect of monetary tightening across major economies. Even so, inflation stayed above central bank targets in several advanced economies, driven by sticky services inflation, wage pressures and bouts of volatility in energy and commodity markets tied to geopolitical tensions. Major central banks therefore continued with a measured, gradual approach to easing, and interest rates are likely to remain above pre-pandemic levels over the medium term.

Geopolitical developments remained a key source of uncertainty during FY26. The ongoing Russia–Ukraine conflict, instability in parts of the Middle East and rising trade and technology-related tensions among major economies fed volatility in energy and commodity markets, disrupted trade and shipping routes, and added strain to global supply chains. These pressures also weighed on business confidence, shaped investment decisions and amplified volatility across financial markets. The broader environment underscored how interconnected global economic risks have become, and the importance of building resilience into business strategy.

For the global insurance industry, the operating environment remained dynamic amid rising climate-related risks, increasing natural catastrophe losses and evolving customer protection needs. Swiss Re Institute estimates that global insured natural catastrophe losses again exceeded $100 Billion during FY26, reflecting the growing frequency and severity of such events. At the same time, relatively higher interest rates supported investment yields for insurers, while increasing awareness regarding protection, health and retirement planning continued to support long-term insurance demand globally.

Emerging economies, including India, continued to outperform several advanced economies, supported by resilient domestic consumption, infrastructure investments and relatively stable financial systems. Going forward, while the global economy is expected to maintain positive growth momentum, downside risks arising from geopolitical tensions, inflationary pressures, climate-related events and financial market volatility warrant continued monitoring and adaptive business strategies across sectors.

INDIAN ECONOMIC OVERVIEW

India continued to demonstrate strong economic resilience during FY26, holding its position as one of the world's fastest-growing major economy despite global uncertainties, geopolitical tensions and volatile financial markets. Growth was underpinned by strong domestic demand, sustained public capital expenditure, healthy services activity and improving private investment, reflecting the underlying strength of India's macroeconomic fundamentals.

Economic growth and global position

The IMF projects India's real GDP to grow at around 6.30% to 6.50% in CY26, reflecting sustained strength in domestic consumption, investment activity and structural growth drivers. The country is expected to further strengthen its position among the world's largest economies, supported by favourable demographic, urbanisation, digital transformation and ongoing infrastructure development.

Manufacturing activity picked up gradually through the year, aided by policy measures to strengthen domestic production and supply-chain resilience. Rising GST collections, growing digital payment volumes and the wider formalisation of economic activity pointed to sustained momentum and deepening financial inclusion.

Inflation and monetary environment

Consumer Price Inflation (CPI) remained broadly within the Reserve Bank of India's (RBI) tolerance band, helped by improved supply conditions and moderation in core inflation, though food and energy prices saw bouts of volatility linked to global commodity movements and geopolitical uncertainty.

The RBI maintained a calibrated stance, balancing growth support with price stability as inflation moved gradually towards the

medium-term target. The banking sector remained stable and well-capitalised, with healthy credit growth, improving asset quality and strong regulatory oversight.

Fiscal policy and infrastructure development

The Government's focus on infrastructure creation and capital expenditure remained central to sustaining growth during FY26.. Investments across roads, railways, airports, logistics, renewable energy and urban infrastructure remained strong, supporting both short-term demand and long-term productivity gains.

Continued emphasis on digital public infrastructure, financial inclusion and ease of doing business further strengthened India's long-term growth outlook. The steady expansion of digital payments, fintech adoption and technology-led financial services improved efficiency, transparency and access across the financial ecosystem, creating additional growth opportunities for sectors such as insurance.

Challenges and outlook

Despite the positive growth trajectory, certain external and domestic risks persist. Global geopolitical tensions, trade disruptions, commodity price volatility and climate-related risks pose challenges to economic stability. At home, uneven consumption patterns, moderation in rural demand and income disparities may influence the pace of growth in certain segments.

Nevertheless, India's strong macroeconomic fundamentals, favourable demographic profile, ongoing structural reforms and resilient domestic demand are expected to support sustained medium- to long-term growth. Continued focus on infrastructure development, manufacturing expansion, digitalisation and financial sector strengthening is likely to further enhance India's position as a key driver of global economic growth.

LIFE INSURANCE INDUSTRY OVERVIEW

India's life insurance industry sustained strong growth momentum during FY26, supported by favourable demographic trends, increasing financial awareness, growing disposable incomes and continued regulatory emphasis on deepening insurance penetration. Expansion was broad-based across protection, savings and retirement segments, reflecting greater awareness of long-term financial security and retirement planning needs.

According to industry estimates, India remains among the fastest-growing life insurance markets globally, with penetration still low against global averages and substantial long-term headroom. Growth in individual new business premium remained healthy during the year, supported by expansion in distribution networks, continued digital adoption and sustained demand for protection-oriented products.

Regulatory developments

The Insurance Regulatory and Development Authority of India (IRDAI) advanced its long-term vision of 'Insurance for All by 2047', focusing on deeper insurance penetration, stronger policyholder protection and greater operational efficiency across the industry.

During FY26, the regulator further strengthened its customer-centric framework, improving disclosure standards, simplifying product structures and enhancing transparency in product design, sales practices and policy servicing. It also stayed focused on the policyholder experience, reducing turnaround times in policy issuance, service requests and claims settlement through standardisation and digitalisation.

GST framework on life insurance – industry developments

The GST framework for life insurance witnessed a significant policy development during FY26. In line with the Government's objective of widening insurance accessibility and supporting financial inclusion, GST on individual life insurance policies was exempted with effect from 22nd September 2025. The exemption is expected to improve affordability for policyholders and lower the overall cost of protection and long-term savings products.

The exemption is a meaningful step towards broader adoption across customer segments, particularly given how far below global averages India's penetration sits. By improving accessibility, the measure should support demand for protection, savings and retirement solutions, and aligns with the national objective of deepening insurance penetration and strengthening household financial security.

Labour law reforms

The Government of India has implemented the four Labour Codes, namely the Code on Wages, the Industrial Relations Code, the Code on Social Security and the Occupational Safety, Health and Working Conditions Code, marking a significant consolidation of the country's labour regulatory framework. These Codes subsume and rationalise multiple existing labour laws with the aim of easing compliance, strengthening worker protection and promoting formalisation of the workforce.

Key changes include a standardised definition of wages, expanded social security coverage with provisions for gig and platform workers, and a sharper focus on occupational safety and health. Over the medium term, the reforms should improve regulatory clarity, deepen the social security net and support wider workforce formalisation, with positive indirect implications for employee benefits, retirement planning and insurance penetration.

Digital ecosystem initiatives

The industry also witnessed continued progress on Bima Sugam, conceived as a unified digital insurance marketplace for the purchase, servicing and claims management of insurance products across insurers and intermediaries. The platform is expected to improve transparency andcustomer experience while reducing operational friction across the value chain, supporting long-term efficiency and inclusion goals.

Digital transformation and innovation

Digitalisation continued to reshape the life insurance industry through FY26. Insurers made greater use of artificial intelligence, machine learning, predictive analytics and automation to improve underwriting accuracy, enhance fraud detection, and streamline claims processing and customer servicing.

The wider adoption of digital distribution channels, paperless onboarding and data-driven customer engagement solutions improved operational efficiency and widened access to insurance,particularly among younger, digitally connected customer.. Partnerships with fintech and insurtech ecosystem players further supported innovation in distribution, servicing and customer engagement.

INDUSTRY OUTLOOK

The long-term outlook for the Indian life insurance industry remains positive, supported by favourable demographics, rising urbanisation, increasing financial literacy and growing awareness of protection and retirement planning.. Sustained regulatory support, digital transformation, product innovation and wider multi-channel distribution are expected to deepen penetration across both urban and rural markets.

Going forward, the industry is expected to focus on enhancing customer experience, strengthening product innovation, expanding multi-channel distribution reach and leveraging technology to improve operational efficiency and service quality, thereby supporting sustainable long-term growth.

Density/penetration

Insurance penetration is the ratio of insurance premiums to the GDP of the country, and insurance density is measured as insurance premium per capita population. Overall penetration for the insurance industry remained stable at around **3.70% in FY25**. India's life insurance penetration moderated from around **2.80% in 2023-24 to around 2.70% in 2024-25**, while non-life insurance penetration remained stable at **1.00%** during the year.

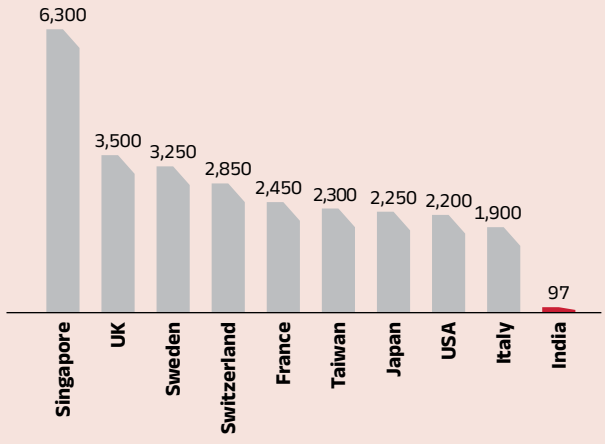

Insurance density in India increased from around **$95 in- FY24 to around $97 in FY25**. Life insurance density increased from around **$70 to around $72** during the same period, reflecting gradual improvement in insurance adoption and premium growth across the insurance sector.

Insurance Density (USD)

Protection gap

According to Swiss Re Institute, the global mortality protection gap remains significantly large at approximately **$100–110 trillion**, highlighting the substantial shortfall in life insurance coverage across markets.India continues to remain highly underinsured, with a large proportion of households lacking adequate life cover due to factors such as low awareness, affordability constraints and limited understanding of protection needs. This presents a significant long-term opportunity for the life insurance industry, supported by rising financial awareness, digital adoption and regulatory initiatives aimed at expanding insurance penetration.

AI and automation driven innovation

Artificial Intelligence (AI) and automation are reshaping the life insurance industry, lifting operational efficiency, accuracy and the customer experience. Insurers are making greater use of AI-enabled underwriting tools to support faster risk assessment and quicker policy issuance.

Digital assistants and chatbots are now being widely deployed to provide real-time, 24x7 customer support, improving responsiveness and engagement. In claims, automation alongside machine learning and image recognition is enabling faster verification and shorter turnaround times.

Predictive analytics is being used to strengthen policy retention, identify potential lapses and improve fraud detection, while also enabling more targeted cross-selling opportunities. Robotic Process Automation (RPA) continues to streamline high-volume, repetitive processes such as data entry, documentation and reconciliation, thereby improving operational efficiency.

These technology-led advancements are also strengthening regulatory compliance through improved data accuracy, reporting automation and better auditability. Overall, AI and automation are enabling insurers to reduce costs, enhance scalability and deliver more personalised and customer-centric solutions across the value chain.

Group life

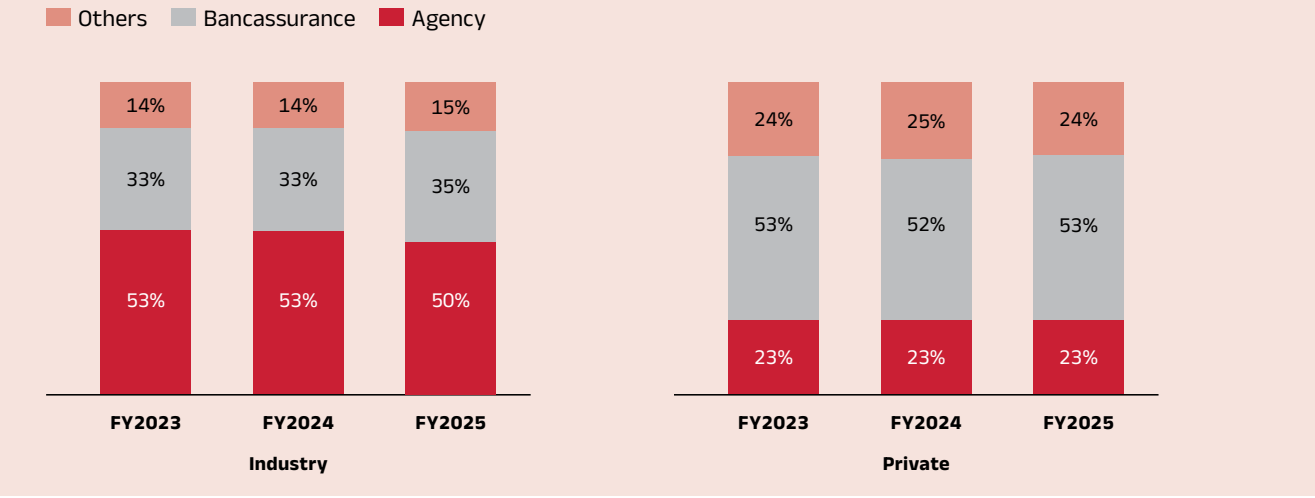

During FY26, the Group business grew by 19% to ₹2.75 Lakh Crore of New Business Premium, up from ₹2.30 Lakh Crore in the previous year, with a 2-year CAGR of 10%. Private insurers grew by 24% and LIC recorded a growth of 17%. Employee protection, gratuity funding and other employee-related termination benefits have been a key driver of the rising market share of private insurers, from 19% in FY17 to 30% in FY26. Within the private sector, the top 5 insurers accounted for 72% of the market in FY26. Credit Life is a rising segment in this line of business, with a few leading players focused on it given its high value accretion.

Industry product mix - individual business

Private industry ULIP and traditional mix sits at around 34:66, while the overall industry mix remained skewed towards non-linked products, largely on the back of LIC's dominance in traditional savings. Even so, buoyant equity markets, shifting customer preferences and taxation changes continued to support steady growth in ULIPs, particularly within the private sector mix.

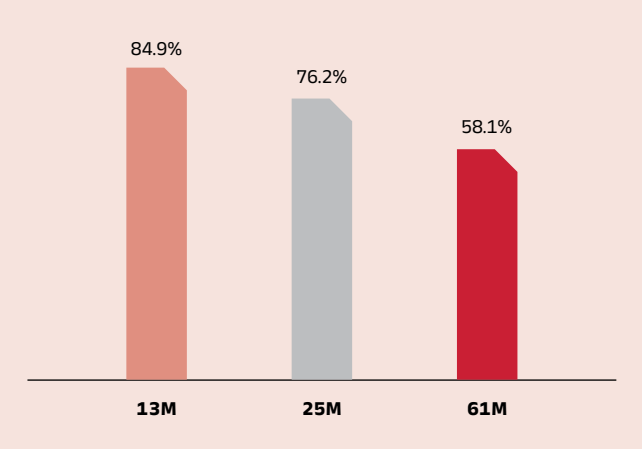

Source: IRDAI Annual Report 2024-25; IRDAI Handbook 2024-25

Customer demand for guaranteed return products held up amid interest rate volatility, while high sum assured ULIPs gained traction among customers seeking a combination of protection and long-term wealth creation. Insurers also stayed focused on product innovation through value-added riders, return of premium offerings and hybrid solutions to strengthen protection-led growth. The retirement and annuity segments saw stable demand, supported by greater awareness of retirement planning and rising need for long-term income security.

Quality of business

Average persistency levels

Companies are helping consumers make better decisions and improving their experience by promoting online services. The result has been stronger customer retention, reflected in rising persistency levels across the industry. By March 2026, top private players reached an average 13th month persistency of 84.9%.

*Average persistency has been calculated by taking simple average of persistency of top 7 players including ABSLI

Renewal premium growth

Renewal premium has grown steadily, backed by a strong in-force book and sustained policy persistency. For major private players, renewal premiums have recorded a two-year CAGR of approximately 14.90%, with growth of around 15.90% in FY26.

Growth has come primarily from the expanding policy base and steady premium collections on long-term contracts issued in earlier years, reflecting stable retention and improving persistency. Wider adoption of digital payment channels has further simplified renewal collection and supported persistency across portfolios.

Falling customer complaints and unfair business practices

Insurers stayed focused on improving business quality and strengthening customer trust during FY25 through stronger governance,greater technology adoption and tighter oversight of sales practices. The industry continued to emphasise on improving customer experience across onboarding, underwriting, servicing and claims management.

Total grievances reported under life insurance business stood at 1.20 Lakh, broadly stable year-on-year. Grievances related to Unfair Business Practices (UFBP), however, rose to 26,667 in FY25 from 23,335 in FY24, accounting for over 22% of total complaints registered against life insurers.

Insurers continued to strengthen customer protection mechanisms through better disclosures, simplified processes and tighter distribution oversight. . Digital and analytics-led interventions also helped address misselling, delayed servicing and grievance resolution, supporting long-term value creation and customer confidence across the sector.

Product mix

The Company's product mix has evolved over the past few years in line with changing customer preferences and market dynamics. The increased contribution from participating (PAR) products reflects sustained customer demand for solutions that offer a combination of protection and long-term value creation. The product portfolio remains well-diversified across participating, non-participating, ULIP, annuity and protection segments, enabling the Company to cater to a broad range of customer needs. During FY'26, ULIP products accounted for 33% of the overall product mix.

ABSLI has consistently positioned its products on their distinctive features of customer benefits, rather than competing on aggressive pricing.

In FY26, ABSLI launched 6 major products under Individual Business Segment, which together contributed 18% of the Individual First Year Premium: Akshaya Par Plan, featuring a higher terminal bonus and an Income in Advance option, Super Term Plan with 100% ROP on early exit and Career Break Benefit; Vision Retirement Solution Plan, with Guaranteed Equity Linked Payouts; Guaranteed Annuity (2 & 3 Pay), at best-in-class rates; Param Suraksha Pro, combining comprehensive protection with wealth creation; and Index Guaranteed Annuity Plus (iGap), a pioneering Index Linked Annuity product with Regular Pay.

Under Group Business Segment, ABSLI launched the New Capital Growth Plan and Group Capital Enhancement Plan which together contributed 10% of the Group First Year Premium in FY26.

Renewal premium and persistency

Renewal premium grew by 17% from ₹10,419 Crore to ₹12,190 Crore in FY26. The growth was on account of higher new business growth in the previous year and continuous demonstration of the customer's trust. 13th Month Persistency was at 86.1% (FY25–87.4%) and 25th Month Persistency was at 73.3% (FY25- 73.1%). The decline in 13M persistency during FY26 was primarily driven by the normalization of the HNI non-participating segment following the FY2023–24 taxation changes, changes in business mix towards regular-premium retail products, and softer renewal experience in certain ULIP cohorts amid market volatility. The Company expects persistency trends to improve over time, supported by a more diversified product mix, stabilizing market conditions and continued focus on customer engagement and retention. Individual renewal premium collection by Bot (ZARA) grew by 46%, from ₹981 Crore in FY25 to ₹1,432 Crore in FY26.

Digital & artificial intelligence

Leveraging technology and data-led innovation to improve customer experience and drive operational excellence.

Technology continues to reshape the life insurance industry, changing how insurers engage with customers, support distribution and build operational resilience. As customer expectations move towards seamless, intuitive and personalised experiences, ABSLI remains focused on building scalable digital capabilities that support long-term growth and strengthen stakeholder trust.

Building a strong digital foundation

At ABSLI, our digital transformation journey begins with a strong and reliable data ecosystem. . We continue to invest in a centralised data platform and governance framework to ensure that data across the organisation is trustworthy, accessible, and actionable. This foundation enables advanced analytics, intelligent decision-making, operational efficiency, and personalised customer engagement at scale.

Enhancing distribution and customer experience

As part of our commitment to simplifying interactions for both customers and distributors, we have strengthened our digital platforms and self-service capabilities. SalesBuddy, our integrated platform for sales teams and channel partners, brings together prospecting, onboarding, and servicing into a unified experience, enabling greater efficiency and improved engagement. In parallel, we are expanding digital servicing across customer touchpoints including portals and WhatsApp, so customers can access services conveniently and seamlessly. The focus remains on making insurance interactions simpler, faster and more intuitive.

Adopting AI with purpose and responsibility

Artificial Intelligence remains a key area of strategic focus. We are taking a measured, purposeful approach to scaling AI-led capabilities across the organisation, moving high-impact use cases from pilot to production in functions such as customer support, underwriting, claims, contact centre operations and email management.

Our objective is not to deploy AI indiscriminately, but to apply it thoughtfully in areas where it can meaningfully enhance customer outcomes, improve operational efficiency, and support better decision-making.

As we continue to strengthen our digital and AI capabilities, we remain equally focused on governance, security, and responsible innovation — ensuring that technological advancement is aligned with the trust and integrity that remain central to the life insurance business.

SHARE CAPITAL, DIVIDEND AND SOLVENCY POSITION

The Company's net worth stood at ₹4,978 Crore. During the year, it raised equity of ₹750 Crore and listed sub-debt of ₹700 Crore, rated IND AAA/Stable and CRISIL AAA/Stable and repaid a listed sub debt of ₹150 Crore.

The Company has not declared a dividend for FY26, as cashflows are being reinvested to fund growth initiatives.

Solvency reflects the minimum surplus an insurer must hold as additional capital to absorb any unforeseen rise in claims or adverse losses. Since it must be maintained across the long life of policies, assets must consistently exceed liabilities, with funds held in risk-free assets.

Our solvency margin for FY26 stood at 1.78, well above the regulatory requirement of 1.50, giving stakeholders and customers continued confidence in the Company's long-term financial strength.

OUTLOOK

Our guiding priorities are growth, long-term value accretion and stable statutory profit, alongside excellence across all quality parameters. Management has put in place a well-considered action plan and is actively monitoring all risk areas. The Company will continue to strengthen its competitive and financial position through the following strategic priorities:

Emphasis on achieving growth while enhancing value

- Grow traditional products including protection and annuity in retail segment.
- Focus on growing credit life in the Group segment.
- Continue to make investments in Direct channel and increase Agency footprint, thus focusing on increasing the share of proprietary business.
- Invest in new relationships to grow mindshare.
- Penetrate more Bank partner branches to increase the spread of business.
- Ensure optimum product mix focusing on value for the customer.
- Grow individual FYP at 20%+ CAGR over the next three years and keep expanding VNB margin above 18%.

Consistent improvement in quality parameters and managing risk

- Drive and maintain a healthy Inforce base.
- Improve persistency across cohorts.
- Improve Digital Adoption and collection across cohorts.
- Continue the Digital journey with a focus on platforms for Customer prospecting to Servicing.
- Mitigate interest rate risk by Active forward rate agreement management for hedging of expected maturity and survival benefits.
- Strengthening underwriting by using artificial intelligence and machine learning.

Focus on customers

- Leverage Aditya Birla Capital Limited Digital Cross-Sell set up and thereby have more products sold per customer.
- Invest in Service-To-Sales (S2S) model for upsell to existing loyal customers.
- Active Engagement with customers to improve stickiness.
- Ease of service with 'Anywhere' servicing.

Data analytics

- Analytics based engine to identify high propensity customers and improve upsell opportunities through pre-approved sum assured Invest in Service-To-Sales (S2S) model for upsell to existing loyal customers.
- Leverage cross-sell in ABC via analytics.

RISK MANAGEMENT

Risk Management is at the core of our business and ensuring we have the right risk-return trade-off in line with our risk appetite is the essence of our Risk Management practices, while looking to optimise the returns that go with that risk.

Board of Directors keeps oversight on all the risks assumed. The Board has constituted a Risk Management Committee as required under the IRDAI (Corporate Governance for Insurers) Regulations, 2024 to frame, implement and monitor the Risk Management Framework of the Company.

The Company has in place a Risk Management Policy reviewed and approved by Risk Management Committee and the Board of Directors on an annual basis.

The operations of the Company, the risks faced, and the risk mitigation tools used to manage them are also reviewed periodically by the Risk Management Committee and Board of Directors.

Operational Risk Management Committee has also been established which meets regularly to discuss and address operational matters and risks.

The Subsidiary of the Company also has a well-established Risk Management Framework designed to identify, assess, monitor and mitigate risks inherent in its business. The framework enables effective Risk Management through a structure of Committees, policies, internal controls and reporting.

Three line of Defence Model is the core of Risk Management Governance in the Company wherein First line of Defence i.e. Line Management takes accountability and ownership of Risk identification and its mitigation, second line of Defence viz. Risk and Compliance functions keep oversight on Risk and Compliance matters in the Company. Internal Audit being third Line of Defence provides Independent Assurance to Audit Committee and Board by conducting Risk Based Audits.

Over the years, the Company has built a strong Risk Management Framework supported by well- established policies, procedures, system and a talent pool of Risk Professionals.

From Risk Management perspective, the Company's Board of Directors are supported by Risk Management Committees and Audit Committees to ensure monitoring of risks and ensure effective functioning of the Governance framework. These Committees are governed by their respective Charters approved by Board of Directors.

- Risk Management Committee of the Board inter alia reviews risk management policies of the company pertaining to solvency, market, liquidity, operational, and outsourcing risks

and business continuity management. The Committee also reviews the Risk Appetite and Enterprise Risk Management framework, and stress testing. The Committee reviews the level and direction of major risks pertaining to solvency, market, liquidity, operational, reputational, technology, information security, strategic, compliance and capital at risk as a part of the risk dashboard.

- Audit Committee of the Board provides direction to and monitors the quality of the internal audit function, oversees the financial reporting process and also monitors compliance with inspection and audit reports.

The company has a comprehensive fraud risk framework in place which is in line with the IRDAI – Insurance Fraud Monitoring Framework to deter, prevent, detect, report and remedy fraud risks. The Company remains vigilant in identifying and mitigating fraud risks that could impact financial stability, regulatory compliance, and customer trust. The company also promotes a strong ethical culture through employee training and a whistleblower mechanism. Continuous collaboration with industry bodies and regulatory authorities further enhances our ability to detect and respond to emerging fraud trends effectively.

The Company has well defined policies, frameworks, procedures, templates, and risk assessment methodology for IT risk management. The framework enables risk assessment of IT solutions, entities providing IT and related services and new technology and digital implementation. The cyber security threat including data privacy issue gets assessed basis the framework - Identify, Prevent/Protect, Detect, Respond and Recover. Further controls such as firewalls, anti-malware, anti- advance persistent threats, data loss prevention, Red Teaming, Intrusion prevention/ detection, digital rights management, 24*7 security operation centre, and forensics solutions, that has been put in place.

The Company ensures alignment of Business and IT Strategies to provide services and superior customer experience. Making extensive progress on some of the key initiatives that are part of our technology transformation agenda. The key initiatives are Infrastructure stability, Disaster Recovery Resiliency, Security enhancements and Monitoring mechanisms. Adapting and updating Cyber Defence framework to further augment cyber defence capabilities to counter new-age threats. Increase information security awareness among employees and customers through specific programmes and communications.

Further, in line with regulatory or risk management frameworks, respective Board Committees are supported by Management level Committees.

BUSINESS CONTINUITY

The Company has a well-documented Business Continuity Management Programme which has been designed to ensure continuity of critical processes during any disruption. A robust Disaster Recovery framework has been put in place to ensure uninterrupted operations and service to customers. The Company also has a business continuity policy to have a planned response in the event of any contingency, ensuring recovery of critical activities at agreed levels within agreed timeframe, thereby complying with various regulatory requirements and minimising the potential business impact on the Company. All the business-critical processes are tested in a timely manner for Business continuity.

In view of the increased move to digital modes of business and adoption of new technologies, there was an enhanced focus on Cyber Security and the Company continued to invest in a strong Cyber Defence Programme.

The Risk Management team of the Company continuously scans the internal and external environment to identify Risks and also to capitalise upon the opportunities presented in the environment.

Corporate Governance Report

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

"Our values provide us with our roots and they provide us with our wings."

Mr. Kumar Mangalam Birla,
Chairman, Aditya Birla Group

The Aditya Birla Group is one of the pioneers in the field of Corporate Governance. As a part of the Group, our Company is committed to continuously adopt and adhere to the best governance practices, to achieve the goal of making the Company a value-driven organisation.

Our Company's governance practices are a product of self desire, reflecting the culture of trusteeship that is deeply ingrained in its value system and reflected in its strategic thought process. At a macro level, our Company's governance philosophy rests on five basic tenets, viz., Board accountability to the Company and Members, strategic guidance and effective monitoring by the Board, protection of minority interests and rights, equitable treatment of all Members and transparency and timely disclosures.

The Corporate Governance framework of our Company is based on an effective and independent Board, separation of the Board's supervisory role from the Senior Management team and constitution and functioning of Board Committees, as required under applicable laws.

The Board functions either as a full Board or through various Committees constituted to oversee specific functions. The Senior Management provides the Board with detailed reports on the Company's performance periodically.

REPORTING UNDER CORPORATE GOVERNANCE GUIDELINES

Aditya Birla Sun Life Insurance Company Limited ("the Company"/ "your Company"/"Our Company") is in compliance with the requirements stipulated in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), with respect to corporate governance to the extent applicable. The Company also makes reporting/disclosures to the extent applicable and as specified under the Master Circular on Corporate Governance for Insurers, 2024 ("IRDAI CG Master Circular"), as amended, issued by Insurance Regulatory and Development Authority of India ("IRDAI").

The details of compliance with Corporate Governance requirements during the Financial Year ended 31st March 2026 ("Financial Year under review") are as follows:

I. Board of directors

The Company's Board comprises of an adequate mix of Independent Directors, Non-Executive Directors and Executive Director.

The Board takes the responsibility to set strategic objectives for the Management and to ensure that the long-term interests of all stakeholders are served by adhering to and enforcing the principles of sound Corporate Governance.

The Company's Board Members have diverse areas of knowledge and expertise, which is necessary in providing an independent and objective view on business issues and assessing them from the standpoint of the stakeholders of the Company.

Composition

The Board of Directors of the Company ("the Board") comprised of 12 (Twelve) Directors including 5 (Five) Non-Executive Non-Independent Directors of whom 2 (Two) are Women Directors, 6 (Six) Independent Directors and 1 (One) Managing Director and Chief Executive Officer as on 31st March 2026. The Chairman of the Board, Mr. Kumar Mangalam Birla, is a Non-Executive and Non-Independent Director, and is not related to Mr. Kamlesh Rao, Managing Director and Chief Executive Officer of the Company, as per the definition of the term "relative" defined under the Companies Act, 2013 ("the Act").

None of the Directors are related to each other. The composition of the Board is in conformity with the requirements of the Act and the IRDAI CG Master Circular.

All Independent Directors on the Board are Non-Executive Directors as defined under the Act. The maximum tenure of the Independent Director is in compliance with the Act. All the Independent Directors have confirmed that they meet the criteria of independence as stipulated under Section 149(6) of the Act and have provided the required declaration under Section 149(7) of the Act. Based on the disclosures received from the Independent Directors, it is hereby confirmed that in the opinion of the Board, the Independent Directors fulfil the conditions specified in the Act and the IRDAI CG Master Circular and are independent of the management. The Independent

Corporate Governance Report (Contd.)

Board's Functioning and Procedure

Our Company's Board plays a pivotal role in ensuring good governance and functioning of our Company. The Board's role, functions, responsibilities and accountabilities are well defined. All relevant information is regularly placed before the Board. The Members of the Board have complete freedom to express their opinion, and decisions are taken after detailed discussions.

The Board meets at least once in every quarter to review the quarterly results and other items on the agenda and additional Meetings are held to address specific needs and business requirements of our Company. The information as required under the Act, IRDAI CG Master Circular and SEBI Listing Regulations is made available to the Board.

Corporate Governance Report (Contd.)

The Company makes available video conferencing facility or other audio-visual means, to enable larger participation of Directors in meetings.

With a view to leverage technology, save paper and support sustainability, the Company has adopted a web-based application for conducting the Board and Committee Meetings digitally. All the documents relating to a Meeting, including agenda, explanatory notes and any other document required to be placed at the Meeting, are circulated to the Directors in electronic form through the application and the same can be accessed through browsers or iPads. The application meets high standards of security for storage and transmission of Meeting related documents.

The Company Secretary receives the details on matters which require the approval of the Board/Board Committees, from various functions of the Company, so that they can be included in the Board/Board Committee agenda(s). All material information is incorporated, in detail, in the agenda papers for facilitating meaningful and focused discussions at the Meetings.

In consultation with the Chairman, Managing Director and Chief Executive Officer and the Functional Heads, the Company Secretary prepares the Agenda of Board/ Committee Meetings along with the explanatory notes therein and circulates it to the Directors. The Company also complies with and follows the Secretarial Standards for Board and Committee Meetings. The Agenda for the Board and Committee Meetings cover items set out as per the guidelines in the Act, IRDAI Regulations and/or SEBI Listing Regulations, to the extent they are relevant and applicable.

Board Induction, Training and Familiarization

A letter of appointment is given to the Independent Directors at the time of their appointment, setting out their roles, functions, duties and responsibilities. The terms and conditions of appointments of Independent Directors are available on the Company's website at https://lifeinsurance.adityabirlacapital.com/about-us/board-of-directors/. The Directors are familiarized with our Company's business and its operations. Interactions are held between the Directors and Senior Management of our Company. Directors are familiarized with the organizational set-up, functioning of various departments, internal control processes and relevant information pertaining to our Company.

Performance evaluation of the Board

A formal mechanism has been adopted for evaluating the performance of the Board, covering Independent Directors, Non-Executive Directors (Non-Independent), the Board Committees, the Board and the Chairman of the Board.

The evaluation is based on criteria which include, amongst others, providing strategic perspective, time devoted and preparedness for Meetings, quality, quantity and timeliness of the flow of information between the Board Members and the Management, contribution at the Meetings, effective decision-making ability, role and effectiveness of the Committees, etc. The Directors duly completed and submitted the questionnaires providing feedback on functioning of the Board as a whole, individual directors, Committees and the Chairman of the Board.

Further details are mentioned in the Board's Report.

Performance evaluation criteria for Independent Directors

The Directors other than Independent Directors of your Company evaluate the following:

- performance of Independent Directors
- fulfilment of the independence criteria as specified in SEBI Listing Regulations and their independence from the management.

The evaluation is based on the following criteria as to how an Independent Director:

1. Understands and fulfils the functions as assigned by the Board and the law;
2. Invests time in understanding the Company and its unique requirements;
3. Brings in external knowledge and perspective to the table;
4. Expresses his/her views on the issues discussed at the Board;
5. Keeps himself/herself current on areas and issues that are likely to be discussed at the Board level; and
6. Prepares and participates in the Meetings

Separate Meeting of Independent Directors

In accordance with the provisions of the Act and Clause 2.3 of the Secretarial Standard on the Meetings of Board of Directors, a Meeting of the Independent Directors of our Company was held on 27th March 2026 without the presence of the Non-Independent Directors and the Members of the Management. The Meeting was attended by all 6 (Six) Independent Directors. They discussed matters including the performance/functioning of the Company, reviewed the performance of the Chairman, taking into account the views of Non-Executive Directors & Non-Independent Directors, assessed the quality, quantity and timeliness of flow of information between the Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

Code of Conduct

The Company has designed and implemented a Code of Conduct. The code is applicable to the executive officers and all employees of the Company. The code is available on the website https://lifeinsurance.adityabirlacapital.com/about-us/investors/. All have affirmed compliance with the Code as on 31st March 2026.

Prohibition of Insider Trading

In terms of the provisions of the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, our Company adopted a Code of Conduct to Regulate, Monitor and Report trading by Designated Persons in listed or proposed to be listed securities of the Company ("the Insider Code"). The Insider Code aims at preserving and preventing misuse of unpublished price sensitive information. All Designated Persons of the Company (as defined under the Insider Code) are covered under the Insider Code, which provides inter alia for periodical disclosures and obtaining pre-clearances for trading in the non-convertible debentures (NCDs) of the Company.

The Company has in place, a tracking mechanism for monitoring trade in the NCDs of the Company by the Designated Persons identified under the Insider Code.

Corporate Governance Report (Contd.)

Further, a structured digital database is maintained, which contains the names and other particulars as prescribed under SEBI (Prohibition of Insider Trading) Regulations, 2015. The Board has also adopted a Code of Practices and Procedures for Fair Disclosure of Unpublished Price Sensitive Information ("UPSI") which also includes details of the Company's policy for determination on 'legitimate purposes' as per the requirements of the SEBI (Prohibition of Insider Trading) Regulations, 2015 and is available on the website of the Company at https://lifeinsurance.adityabirlacapital.com/about-us/investors/.

Mr. Maneesh Sharma, Company Secretary, is the "Compliance Officer" in terms of the Insider Code. The Audit Committee reviews compliance with the provisions of the SEBI (Prohibition of Insider Trading) Regulations, 2015 confirming that the internal control systems for the purpose are adequate and are operating effectively.

II. Committees of the board

Your Board has constituted the Committees of the Board with specific terms of reference as per the requirements of the IRDAI CG Master Circular, the Act, and other applicable provisions. The Board accepted all recommendations of the Committees of the Board which were mandatorily required, during the Financial Year under review. The Board Committees play a vital role in the effective compliance and governance of the Company in line with their specified and distinct terms of reference and role and responsibilities. The Chairperson of the respective Committees report to the Board on the deliberations and decisions taken by the Committees and conduct themselves under the supervision of the Board. The Minutes of the Meetings of all Committees are placed before the Board for its perusal on a regular basis. The Committees of the Board are elaborated hereunder:

1. Audit Committee

A qualified and independent Audit Committee has been constituted pursuant to the provisions of Section 177 of the Act and the IRDAI CG Master Circular. The Audit Committee acts as a link between Management, the Statutory and Internal Auditors and the Board.

All the Members of the Audit Committee are financially literate. Moreover, the Chairperson and Members of the Audit Committee have accounting or related financial management expertise. The Statutory and Internal Auditor of our Company are invited to attend the Audit Committee Meetings. In addition, other Senior Management Personnel are also invited to the Audit Committee Meetings from time to time, for providing such information as may be necessary. The Company Secretary acts as the Secretary to the Committee.

The Audit Committee monitors and effectively supervises our Company's financial reporting process with a view to provide accurate, timely and proper disclosures and maintain the integrity and quality of financial reporting. The Audit Committee has all the powers as specified in Section 177 of the Act and the IRDAI CG Master Circular to investigate any activity within its terms of reference, seek information from any employee, obtain outside legal or other professional advice and secure attendance of outsiders with relevant expertise, as considered necessary.

The Terms of Reference of the Audit Committee include:

- to review the Company's financial statements, financial reporting, statement of cash flow and disclosure processes, both on an annual and quarterly basis and to ensure that the financial statements are correct, sufficient and credible.
- to recommend to the Board, the remuneration, performance, oversight, appointment, reappointment and, if required, the replacement or removal of the statutory auditor(s)/internal auditor(s)/Secretarial auditor(s)/Forensic auditor(s)/Systems auditor(s) and concurrent auditor(s)
- to review and approve related party transactions/ related party transactions policy
- to review internal financial controls
- to review and monitor independence, performance and effectiveness of statutory auditors, internal auditors and concurrent auditors and audit process
- to maintain oversight into the procedures and processes established to attend to issues relating to maintenance of books of account, administration procedures, transactions and other matters having a bearing on the financial position of the Company
- to ensure compliance with the internal control systems and their adequacy
- to review the adequacy of internal audit function, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure, coverage and frequency of internal audit and review of reports submitted by internal audit department
- to act as a compliance Committee to discuss the level of compliance in the Company
- to review the functioning of the Whistle Blower mechanism/Vigil Mechanism.

During the Financial Year under review, the Audit Committee reviewed the internal controls put in place to ensure that the accounts of our Company are properly maintained and that the accounting transactions are in accordance with prevailing laws and regulations. In conducting such reviews, the Committee found no material discrepancy or weakness in the internal control system of our Company. The Committee has also reviewed the procedures laid down by our Company for assessing and managing risks applicable to the Company.

Disclosures pursuant to IRDAI CG Master Circular

- **Qualitative:**
- **I Information relating to the design and structure of remuneration processes and the key features and objectives of remuneration policy**

The Company has adopted the Aditya Birla Group Executive Remuneration Policy.

At the Aditya Birla Group, the Company expects the executive team to foster a culture of growth and entrepreneurial risk taking. The Company Executive Remuneration Philosophy/ Policy supports the design of programs that align executive rewards – including incentive programs, retirement benefit programs, and promotion and advancement opportunities – with the long-term success of stakeholders.

Aditya Birla Group is a conglomerate and organised in a manner such that there is sharing of resources and infrastructure. This results in uniformity of business processes and systems thereby promoting synergies and exemplary customer experiences.

Objective of the remuneration for Managing Director/Whole Time Director/Chief Executive Officer

Managing Director/Whole Time Director/Chief Executive Officer's Remuneration is designed to ensure effective governance of compensation and alignment of compensation with performance and prudent risk taking.

The remuneration program for MD & CEO is intended to:

1. Provide for monetary and non-monetary remuneration elements on a holistic basis
2. Emphasize "Pay for Performance" by aligning incentives with business strategies to reward the MD & CEO on exceeding Group, business and individual goals.

Remuneration Guidelines for Managing Director/Whole Time Director/Chief Executive Officer

Remuneration shall be reasonable, taking into account relevant factors including the industry practice, competency, competition and grade. It will be mix of Fixed Salary, Valued and Non Valued Perquisites/Benefits, Retirals, Annual Bonus, Long-Term Deferred Cash Plans and ESOP's with risk alignment.

Remuneration shall be adjusted for all types of risk such as credit, market and liquidity risk. Further, remuneration payouts are sensitive to the time horizon of the risk. Remuneration outcomes shall be symmetric with risk outcomes.

The Annual Bonus and Long-Term Deferred Cash plans would be linked to comprehensive business performance, both quantitative and qualitative, over short-term and long-term period. Benefits are defined as Total Cost to Company i.e. Salary, Retirals and other Benefits and will include imputed value of benefits like Housing and Car. The vesting condition of long-term deferred bonus will be subject to business performance and have an element of claw back in case of unfavorable business performance.

The MD/CEO/WTD remuneration is designed/modified basis the achievement of the goal sheet parameters that have both qualitative and quantitative elements of risk adjustments. The goal sheet achievement against each parameter is reviewed by the highest authority on a yearly basis.

Remuneration practice would be governed by IRDAI and related guidelines as applicable from time to time.

- **Description of the ways in which current and future risks are taken into account in the remuneration processes**

Other Remuneration Elements for Managing Director/ Whole Time Director/Chief Executive Officer

The Managing Director/Whole Time Director/Chief Executive Officer are subject to an employment agreement. Each such agreement generally provides for a total remuneration package for him/her including continuity of service across the Group Companies. The Company limits other remuneration elements, for e.g. Change in Control (CIC) agreements, severance agreements, instances of compelling business need or competitive rationale and generally do not provide for any tax gross ups.

Risk and Compliance

The Company aims to ensure that the Group's remuneration programs do not encourage excessive risk taking. The Company reviews the remuneration programs for factors such as remuneration mix overly weighted towards annual incentives, uncapped pay-outs, unreasonable goals or thresholds and steep pay-out cliffs at certain performance levels that may encourage short-term decisions to meet pay-out thresholds.

Variable Pay

(A) Variable pay shall be in the form of share linked instruments or a mix of cash and share linked instruments. Cash linked stock appreciation rights (CSARs) are also to be treated as share linked instruments.

(B) Variable pay includes incentives, bonus, share linked instruments etc. The Variable pay shall be performance-based using measures of individual, unit or group performance that do not create incentives for inappropriate risk taking. Performance based incentives shall be aligned with long term value creation and the time horizon of risks to which the insurer may be exposed. Any variable pay or performance incentive shall be paid/granted to any KMP only once during a financial year.

(C) Variable Pay shall be at least 50% of the Fixed Pay for the corresponding period and shall not exceed 300% of the Fixed Pay. Where variable pay is up to 200% of the fixed pay, a minimum of 50% of the variable pay shall be via share-linked instruments. The same limit would be 70%, in case the variable pay is above 200% of the fixed pay.

Corporate Governance Report (Contd.)

(D) A minimum of 50% of the total variable pay must invariably be under deferral arrangements and the deferral period shall be a minimum of three years. The first such vesting shall accrue after one year from the commencement of the deferral period. Vesting shall be no faster than on a pro rata basis and shall not take place more frequently than on a yearly basis to ensure a proper assessment of risks before the application of ex-post adjustments. Where variable pay is mix of cash and share linked instruments and such cash component of variable pay is Twenty-Five lakhs or under, no deferral requirement for the cash component would be necessary.

Claw back Clause

In an incident of restatement of financial statements, due to fraud or non-compliance with any requirement of the Companies Act 2013 and the rules made thereunder, the Company shall recover from the Managing Director/Whole Time Director/Chief Executive Officer, the remuneration received in excess, of what would be payable to him/her as per restatement of financial statements, pertaining to the relevant performance year. For cases of separation or exited executives the claw back clause will come into effect only when the same is recommended by the Nomination and Remuneration Committee and approved by the Board.

Implementation

The Group and Business Centre of Expertise teams will assist the Nomination and Remuneration Committee in adopting, interpreting and implementing the Executive Remuneration Philosophy/Policy. These services will be established through "arm's length" agreements entered into as needs arise in the normal course of business.

- **Description of the ways in which the insurer seeks to link performance during a performance measurement period with levels of remuneration**

Performance Goal Setting

The Company aims to ensure that for both annual incentive plans and long-term incentive plans, the target performance goals shall be achievable and realistic. Threshold performance (the point at which incentive plans are paid out at their minimum, but non-zero, level) shall reflect a base-line level of performance, reflecting an estimated 90% probability of achievement. Target performance is the expected level of performance at the beginning of the performance cycle, taking into account all known relevant facts likely to impact measured performance. Maximum performance (the point at which the maximum plan payout is made) shall be based on an exceptional level of achievement, reflecting no more than an estimated 10% probability of achievement.

- **Quantitative Disclosure:**

The details pertaining to quantitative disclosure forms have been provided under the Notes to the Accounts forming parts of Financial Statement.

VIII. Whistle blower policy

Pursuant to Section 177(9) of the Act, the Company has framed its Whistle Blower Policy. The Whistle Blower Policy/Vigil mechanism provides a mechanism for Directors and employees to report instances and concerns about unethical behavior, actual or suspected fraud or violation of our Company's Code of Conduct. The Company's Grievances and Disciplinary Committee constituted under the Whistle Blower Policy conducts a proper and unbiased investigation and ascertains the correctness and trueness of the complaint and recommends necessary corrective measures, including punitive actions such as termination of employment/agency/contracts. Summary of cases as and when reported, along with status is placed before the Audit Committee and Board for their review. Adequate safeguards are provided against victimisation to those who avail the mechanism and direct access to the Chairperson of the Audit Committee is provided to them. During the Financial Year under review, no personnel were denied access to the Audit Committee. The Policy is in line with the Company's Code of Conduct, Vision and Values and is available on our Company's website at https://lifeinsurance.adityabirlacapital.com/about-us/investors/.

IX. LEGAL AND COMPLIANCE MANAGEMENT PORTAL CERTIFICATION

The Company has an Internal Legal and Compliance Management Portal (LCMP), which is a repository for all regulatory notifications, legal & compliance query desk, which has been designed for better governance of Compliance. This is accessible to all employees and anyone can raise any legal, regulatory or risk query. Pursuant to applicable laws and the relevant Compliance Checklists, the necessary certificate/s is/are installed in the System. The quarterly compliance certificate is taken from relevant function heads based on which the joint certification is submitted by Chief Risk and Legal Officer, Chief Financial Officer, Appointed Actuary and Managing Director and CEO and consolidated Compliance Certificate is placed before Audit Committee and Board.

EXECUTIVE REMUNERATION POLICY

Aditya Birla Sun Life Insurance Company Limited ("the Company"/"We"/"Our"/"ABSLI") an Aditya Birla Group Company adopts this Executive Remuneration Policy in accordance with the Companies Act 2013, the Guidelines on Remuneration of Directors and Key Managerial Persons of Insurers, 2023 issued by the Insurance Regulatory and Development Authority of India (IRDAI) and other applicable regulations, as amended from time to time. ('Applicable Law'). This policy is detailed below.

PART A

Aditya Birla Sun Life Insurance Company Limited: Executive Remuneration Policy

At the Aditya Birla Sun Life Insurance Company Limited, we expect our executive team to foster a culture of growth and prudent risk-taking. Our Executive Remuneration Policy supports the design of programs that align executive rewards (including fixed pay, variable pay and perquisites and benefits) with the long-term success of our stakeholders.

Objective:

Our executive remuneration program is intended to:

1. Provide for monetary and non-monetary remuneration elements to our executives on a holistic basis.
2. To ensure effective governance of compensation practices and alignment with prudent risk taking.
3. To ensure that the compensation practices take on board the regulatory framework stipulated from time to time by IRDAI or any other relevant regulatory body.

Coverage:

This Policy shall be applicable to the following Executives:

1. Executive Director of the Company
2. Key Managerial Personnel (KMP)
    a) Chief Executive Officer/Managing Director/Whole Time Director/Manager
    b) Chief Financial Officer
    c) Company Secretary
3. Senior Management Persons: i.e. Officers/Personnel of the Company who are members of its core management team, excluding Board of Directors, comprising all functional heads and members of management one level below the Managing Director/Whole Time Director/CEO or Manager and Key Management Persons as defined under IRDAI Regulations and Guidelines.

Governance Structure for Compensation:

The Nomination and Remuneration Committee ("NRC") is responsible for framing, review and implementation of the Company's compensation policy on behalf of the Board and its role is as set out in the NRC Charter/Terms of Reference.

Principles for Determination of Compensation for Executives:

Compensation to Executives shall be determined based on the following principles:

We aim to provide competitive remuneration opportunities to our executives by positioning target total remuneration (including fixed pay, variable pay and perquisites and benefits) directionally between median and top quartile of the primary talent market.

1. The level and composition of compensation is reasonable and sufficient to attract, retain and motivate the Executives of the quality required to run the Company successfully, which means compensation takes on board:
    - Market competitiveness for the role ('market' for every role is defined as companies from which the Company attracts talent or companies to which the Company loses talent).
    - The size and scope of the role (including those in control functions) and the market standing, skills and experience of incumbents while positioning our executives.
    - The size of the Company, complexity of the sector/ industry/Company's operations and the Company's capacity to pay.
2. Linkage of compensation to appropriate performance benchmarks.
3. Compensation outcomes are symmetric with risk outcomes and pay-outs thereof are sensitive to the time horizon of the risk.
4. Compensation structure will have a proper balance between Fixed Pay and Variable Pay.
5. Remuneration is adjusted for all types of risk,
6. The mix of cash, equity and other forms of remuneration are consistent with risk alignment.

Annexure V

Executive Pay-Mix

Our executive pay-mix aims to strike the appropriate balance between key components:

i. **Fixed Pay:** Comprising of Basic Salary, Allowances, Perquisites, Retirals and all other fixed benefits and will include imputed value of benefits like Housing and Car. It also includes cost of retirals such as Company's contribution to PF, Gratuity, superannuation and pension [Including National Pension System (NPS)].

ii. **Variable Pay:** Includes Performance bonus/Annual Incentive, Long Term Incentive Pay in form of cash bonuses, all share-linked instruments (e.g. ESOP, SARS, etc.). (The deterioration in the financial performance of the Company/business segment/function/individual can lead to a contraction in the total amount of variable pay, which can even be reduced to zero for a particular year depending on the performance outcome of the year.)

iii. **Perquisite & Benefits:** Perquisite Pay/Benefits are part of Fixed Pay and include Medical Benefit; Life Insurance Benefit; Personal Accident Benefit; etc. These broad-based plans may be applicable to all employees or select group of employees. In addition to these broad-based plans, Executives are eligible for perquisites and benefits plans commensurate with their roles. These benefits are designed to encourage long-term careers with the Company/Group.

iv. **Other Elements:** Which includes Joining/Sign on Bonus, Severance package, Deferred Incentive Plans, etc.

Salient features of the compensation structure

- The proportion of variable pay to fixed pay is higher at senior levels and varies across roles based on levels of responsibility.
- Variable Pay payable is subject to Group, Company, Business/ Function and Individual performance.
- The following minimum parameters shall be taken into account for determination of performance assessment for payment of variable pay or incentives:

  a) Overall financial soundness such as Net-Worth position, solvency, growth in Assets Under Management, Operating Profit/Net Profit, Embedded Value, Value of New Business including any other indicator that reflects the overall financial soundness; etc.

  b) Compliance with Expenses of Management Regulations;

  c) Claim efficiency in terms of settlement and outstanding;

  d) Improvement in grievance redressal status;

  e) Reduction in Unclaimed Amounts of policyholders;

  f) Persistency - 37th month to 61st month; and

  g) Overall Compliance status with respect to all applicable laws.

  The above parameters shall constitute at least 60% of the total weightage in the performance assessment matrix of MD/CEO/WTDs; and at least 30% of the total weightage in the performance assessment matrix of other KMPs individually. The weightage for each of the parameters may be configured suitably for MD/CEO/WTDs and other KMPs depending on their respective roles.

- Additional parameters may be defined in line with the business plan as suitable for the respective roles.
- Variable pay shall be at least 50% of the Fixed Pay for the corresponding period and shall not exceed 300% of the Fixed Pay. Where variable pay is upto 200% of the fixed pay a minimum of 50% of the variable pay shall be via non-cash instruments. The same limit would be 70% in case the variable pay is above 200% of the fixed pay.
- A minimum of 50% of the total variable pay will be under deferral arrangements and the deferral period shall be minimum of three years. The first such vesting shall accrue after one year from the commencement of the deferral period. Vesting shall be no faster than on a pro-rata basis and shall not take place more frequently than on a yearly basis to ensure proper assessment of risks before the application of ex-post adjustments.
- No deferment of variable pay shall be required for an amount of upto Rupees Twenty-Five Lakhs for a particular year.
- We aim that the remuneration programs do not encourage excessive risk taking. We review our remuneration programs keeping in mind the balance between risk and payout and material portion of the variable pay is deferred spread over three to four years in line with the risk involved.

Annexure V

Malus and Clawback

ABSLI believes in sustained business performance in tandem with prudent risk taking.

Malus arrangement permits the Company to prevent vesting of all or part of the variable pay which has been deferred. It does not reverse vesting after it has already occurred.

Clawback is a contractual agreement between the employee and the Company in which the employee agrees to return previously paid or vested compensation attributable to a given reference year.

Malus and clawback is applicable to employees even after their separation from the organisation.

Malus and clawback may be applied for circumstances like gross and/or willful negligence in performance of their duty or has committed fraud or has performed an act with malafide intent or obstructs the functioning of an organisation; misconduct; Material breach of Code of Conduct, any Non-Disclosure Agreement, regulatory procedures, internal rules and regulations and any other additional circumstances as determined by NRC.

In deciding the application of malus/clawback to any part or all of variable pay or incentives (whether paid, vested or unvested), the NRC will follow due process and adhere to the principles of natural justice and proportionality. Further, in assessing the quantum of cancellation/withdrawal, the NRC will take into consideration all relevant factors, including inter alia, internal factors such as role and responsibilities of the employee, culpability and proximity to the misconduct as well as any external factors, including but not restricted to situations, that may have been beyond the control of the concerned employee.

PART B

Policy for Remuneration of Non-Executive Directors

Applicability

This Policy shall be applicable for remuneration payable to Non-Executive Directors.

Remuneration

Total remuneration shall not exceed Rupees Thirty lakh per annum for each Non-Executive Director.

If the Chairperson of the company is a Non- Executive Director, the remuneration may be decided by the Board of Directors of the insurer and, the remuneration policy shall specify the details of the remuneration and incentives to be paid to him/her.

Non-Executive Directors shall not be eligible for any equity-linked benefits.

The remuneration of the chairperson shall be subject to prior approval by the IRDAI.

Sitting fees and reimbursement of expenses

In addition to the Directors' remuneration mentioned above, ABSLI may pay sitting fees to the Non-Executive Directors and reimburse their expenses for participation in the Board and other meetings, subject to compliance with the provisions of the Companies Act, 2013.

Age limit and tenure of Non-Executive Directors

The maximum age limit for Non-Executive Directors, including the Chairperson of the Board, shall be 75 (seventy five) years and after attaining the age of 75 years no person shall continue on the Board of ABSLI.

An Independent Director may be appointed for a term of up to 5 (five) consecutive years on the Board of ABSLI, and shall be eligible for re-appointment for the second term on passing of a special resolution by ABSLI.

No Independent Director shall hold office for more than 2 (two) consecutive terms, beyond a period of 10 (ten) years. After completion of 10 (ten) years such Independent Director shall be eligible for re-appointment only after a cooling-off period of at least 3 (three) years.

Review

The Policy shall be reviewed annually by the Nomination and Remuneration Committee.

a) Allotment of 7,35,29,400 Equity shares of face value of Rs. 10 each, at an issue price of Rs.102.00 each including premium of Rs. 92.00 each, aggregating up to

Annexure VI

Rs. 7,49,99,98,800 (Rupees Seven Hundred and Forty-Nine Crore Ninety-Nine Lakhs Ninety-Eight Thousand Eight Hundred only) to the existing Shareholders of the Company i.e. Aditya Birla Capital Limited and Sun Life Financial (India) Insurance Investments Inc. on Right Basis.

2. The Board of Directors at its meeting held on 25th April, 2025 approved Fund raising through issuance of Sub-Debt aggregating up to Rs. 200,00,00,000/- (Rupees Two Hundred Crore only) (listed, rated, unsecured, redeemable and non-convertible debentures, subordinated, full paid-up debentures) in one or more tranches ("Issue") during a period of one year from date of passing of this resolution to all persons permitted under IRDAI Regulations. Accordingly, the finance committee approved the allotment of:

   a) 20,000 listed, rated, unsecured, redeemable, non-convertible, subordinated, fully paid-up non-convertible debentures having a Face Value of Rs. Rs. 1,00,000/- (Rupees One Lakh only), aggregating up to Rs. 200,00,00,000/- (Rupees Two Hundred Crore only) in dematerialized form on a private placement basis through Electronic Bidding Platform of National Stock exchange of India Limited ("NSE") ("Debentures"), and having received full subscription amount from eligible identified Investor(s) in respect of the above Debentures, in the designated Bank Account in accordance with the provisions of the Electronic Bidding Platform of NSE.

3. The Board of Directors at its meeting held on 23rd January, 2026 approved Fund raising through issuance of Sub-Debt aggregating up to Rs. 500,00,00,000/- (Rupees Five Hundred Crore only) (listed, rated, unsecured, redeemable and non-convertible debentures/ bonds ("Subordinated debt" / "NCDs") including debenture stock(s), bond(s) and/ or other debt securities etc., in one or more tranches ("Issue") during a period of one year from date of passing of this resolution to all persons permitted under IRDAI Regulations Accordingly, the finance committee approved the allotment of:

   a) 50,000 listed, rated, unsecured, redeemable, non-convertible, subordinated, fully paid-up non-convertible debentures having a Face Value of Rs. Rs. 1,00,000/- (Rupees One Lakh only) and fixed coupon rate of 7.90% p.a. (ISIN: INE951F08085), aggregating up to Rs. 500,00,00,000/- (Rupees Five Hundred Crore only) in dematerialized form on a private placement basis through Electronic Bidding Platform of National Stock exchange of India Limited ("NSE") ("Debentures"), and having received full subscription amount from eligible identified Investor(s) in respect of the above Debentures, in the designated Bank Account in accordance with the provisions of the Electronic Bidding Platform of NSE.

4. In accordance with the authority delegated to the Finance Committee by the Board of Directors, The Finance Committee of the Board exercised the Call Option in respect of 1,500 Unsecured, Unrated, Unlisted, Redeemable Non-Convertible Debentures (ISIN: INE951F08010) ("NCDs") and fully redeemed and call backed the NCDs on January 20, 2026 ("Call Option Date") and repaid the principal amount of the NCDs in full along with interest accrued in accordance with the terms of the Issue.

5. During the audit period, the Company issued Subordinate Debt on June 11, 2025, following which its total outstanding listed Non-Convertible Debentures (NCDs) reached the aggregate of Rs. 1,100 Crore. Consequently, the Company was classified as a High Value Debt Listed Entity (HVDLE) under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, effective from the said date. Subsequently, pursuant to the SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2026, effective from January 22, 2026, the threshold for categorisation as HVDLEs was revised from Rs. 1,000 Crore to Rs. 5,000 Crore. As the Company's total outstanding listed NCDs have remained below this revised threshold of Rs. 5,000 Crore, it has ceased to be classified as an HVDLE with effect from the date of the said amendment. Accordingly, the Company is not required to comply with the corporate governance requirements specifically applicable to HVDLEs pursuant to the above.

ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILTY (CSR) ACTIVITIES

FOR THE FINANCIAL YEAR ENDED 31st March 2026

1. Brief outline on CSR Policy of the Company:

CSR Policy of the Company is enunciated in accordance with Section 135 of the Companies Act, 2013 read with the Corporate Social Responsibility Rules, 2014 (as amended from time to time) and CSR Voluntary Guidelines issued by Ministry of Corporate Affairs.

For us in the Aditya Birla Group, reaching out to underserved communities is part of our DNA. The Company believes in the trusteeship concept. This entails transcending business interests and grappling with the "quality of life" challenges that underserved communities face and working towards making a meaningful difference to them.

Our CSR Vision is "to actively contribute to the social and economic development of the communities in which we operate. In so doing build a better, sustainable way of life for the weaker sections of society and raise the country's human development index."

- Mrs. Rajashree Birla, Chairperson, Aditya Birla Centre for Community Initiatives and Rural Development.

INDEPENDENT AUDITOR'S REPORT

To the Members of
Aditya Birla Sun Life Insurance Company Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Opinion

1. We have audited the accompanying standalone financial statements of **Aditya Birla Sun Life Insurance Company Limited** (the "Company"), which comprises the Standalone Balance Sheet as at March 31, 2026, the Standalone Revenue Account (also called the "Policyholders' Account" or the "Technical Account"), the Standalone Profit and Loss Account (also called the "Shareholders' Account" or the "Non-Technical Account") and Standalone Receipts and Payments Account for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by provisions of the Insurance Act, 1938, as amended (the "Insurance Act"), the Insurance Regulatory and Development Authority Act, 1999, as amended (the "IRDA Act"), the Insurance Regulatory and Development Authority of India (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 (the "IRDAI Financial Statements Regulations"), including circulars/orders/directions issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") in this regard and the Companies Act, 2013, as amended (the "Act") in the manner so required to give a true and fair view in conformity with the Accounting Standards prescribed under Section 133 of the Act ("Accounting Standards") and other accounting principles generally accepted in India, as applicable to insurance companies:

   i. in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2026;

   ii. in the case of the Revenue Account, of the net deficit for the year ended March 31, 2026;

   iii. in the case of the Profit and Loss Account, of the profit for the year ended March 31, 2026; and

   iv. in the case of the Receipts and Payments Account, of the receipts and payments for the year ended March 31, 2026.

Basis for Opinion

3. We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (the "SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matter

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	How the matter was addressed in our audit
Information Technology Systems: The Company is dependent on its Information Technology ("IT") systems due to the significant number of transactions that are processed daily across multiple and discrete IT systems. Also, IT application controls are critical to ensure that changes to applications and underlying data are made in an appropriate manner and under controlled environments. Appropriate controls contribute to mitigating the risk of potential fraud or errors as a result of changes to applications and data. On account of the pervasive use of its IT systems, the testing of the general computer controls of the IT systems used in financial reporting was considered to be a Key Audit Matter.	Our audit procedures for assessment of the IT systems and controls over financial reporting, which includes carrying out the key audit procedures, but were not limited to the following: • Obtained an understanding of the Company's key IT systems, IT General Controls which covered access controls, program/system changes, program development and computer operations i.e., job processing, data/system backup and incident management and application controls relevant to our audit. • Tested the design, implementation and operating effectiveness of the general IT controls over the key IT systems that are critical to financial reporting. This included evaluation of entity's controls to check segregation of duties and access rights being provisioned/ modified based on duly approved requests, access for exit cases being revoked in a timely manner and access of all users being re-certified during the period of audit. • Tested application controls (automated controls) relevant to the audit of premium, commission, benefits paid, loans, expenses, payroll, borrowings and investment among others, for evaluating completeness and accuracy and; • Tested compensating controls or performed alternate procedures to assess whether there were any unaddressed IT risks that would impact the controls or completeness and accuracy of data. • We have also evaluated the IS and other technology audit report and accordingly plan our audit approach

Information Other than the Financial Statements and Auditor's Report Thereon

5. The Company's Board of Directors is responsible for the Other Information. The Other Information comprises the Management Discussion and Analysis, Corporate Governance Report and the Board's Report including Annexures to Board's Report and such other disclosures related information, which are expected to be made available to us after the date of this auditor's report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon ('Other Information').

   Our opinion on the standalone financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

   In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

   When we read the Other Information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Board of Directors for the Standalone Financial Statements

1. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the Standalone Balance Sheet, the Standalone Revenue Account, the Standalone Profit and Loss Account and Standalone Receipts and Payments Account of the Company in accordance with the provisions of the Insurance Act, the IRDA Act, the IRDAI Financial Statements Regulations and circulars/orders/directions issued by the IRDAI in this regard and Accounting Standards specified under section 133 of the Act and other accounting principles generally accepted in India, as applicable to the insurance companies.

   This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of

the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

2. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance; but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

3. As part of our audit in accordance with SAs we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

   - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, to design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

   - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

   - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

   - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

   - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

4. Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

   We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

   We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may

reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

5. The actuarial valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists as at March 31, 2026, is the responsibility of the Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of these liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists as at March 31, 2026, has been duly certified by the Appointed Actuary and in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by the IRDAI and the Institute of Actuaries of India in concurrence with the IRDAI. We have relied upon Appointed Actuary's certificate in forming our opinion on the valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists in standalone financial statements of the Company.

6. The Standalone Financial Statements for the year ended March 31, 2025 were audited by S. B. Billimoria & Co. LLP, Chartered Accountants and M M NISSIM & CO LLP, Chartered Accountants, the Joint Statutory Auditors of the Company, whose reports dated April 25, 2025 expressed an unmodified opinion on those financial statements.

Our opinion is not modified in respect of above matters.

Report on Other Legal and Regulatory Requirements

1. As required by the IRDAI Financial Statements Regulations, we have issued a separate certificate dated April 24, 2026 certifying the matters specified in paragraphs 3 and 4 of Part III of Schedule II to the IRDAI Financial Statements Regulations.

2. As required by the IRDAI Financial Statements Regulations, read with Section 143(3) of the Act based on our audit, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b) In our opinion, proper books of account as required by law have been kept by the Company, so far as it appears from our examination of those books except for not complying with the requirement of audit trail as stated in (k)(vi) below;

   c) As the Company's financial accounting system is centralized, no returns for the purposes of our audit are prepared at the branches of the Company.

   d) The Balance Sheet, the Revenue Account, the Profit and Loss Account and the Receipts and Payments Account dealt with by this report are in agreement with the books of account.

   e) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, to the extent not inconsistent with the accounting principles prescribed in the IRDAI Financial Statements Regulations, the Insurance Act, the IRDA Act and circulars/orders/directions issued by the IRDAI in this regard.

   f) In our opinion and to the best of our information and according to the explanations given to us, investments have been valued in accordance with the provisions of the Insurance Act, the IRDAI Financial Statements Regulations and/or orders/directions/circulars issued by IRDAI in this regard.

   g) On the basis of the written representations received from the directors of the Company as on March 31, 2026 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.

   h) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

Independent Auditor's Report (Contd.)

i) The modification relating to the maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.

j) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act read with section 34A of the Insurance Act.

k) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements. Refer Schedule 16 Note 36 to the standalone financial statements;

ii. The liability for insurance contracts, is determined by the Company's Appointed Actuary as per Schedule 16 Note 11 to the standalone financial statements, and is covered by the Appointed Actuary's certificate, referred to in Other Matter section above, on which we have placed reliance; and the Company did not have any other long-term contracts including derivative contracts for which there were any material foreseeable losses. Refer Schedule 16 Note 35 to the standalone financial statements;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company for the year ended March 31, 2026.

iv. (a) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year. Hence, reporting the compliance with section 123 of the Act is not applicable.

vi. *Based on our examination, which included test checks, the Company has used various accounting software for maintaining its books of account for the financial year ended March 31, 2026 which have the feature of recording audit trail*

(edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems, except in respect of the accounting software related to policy administration systems, investments and derivatives, commission, and premium receipting, audit trail feature was not enabled at the database level to log any direct data changes. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with, in respect of accounting software for the period for which the audit trail feature was enabled and operating and the audit trail has been preserved by the Company as per the statutory requirements for record retention apart from the exception mentioned above. (refer note 53 to the standalone financial statements).

Annexure "A" to The Independent Auditors' Report

(Referred to in paragraph 2 (h) under 'Report on Other Legal and Regulatory Requirements' section of our Independent Auditor's Report of even date to the members of Aditya Birla Sun Life Insurance Company Limited on the standalone financial statements for the year ended March 31, 2026)

REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 (THE "ACT")

We have audited the internal financial controls with reference to financial statements of **Aditya Birla Sun Life Insurance Company Limited** (the "Company") as of March 31, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

The actuarial valuation of liabilities for life policies in force and policies where premium is discontinued is required to be certified by the Appointed Actuary as per the Insurance Regulatory and Development Authority of India (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 (the "IRDAI Financial Statements Regulations") and has been relied upon by us, as mentioned in "Other Matter" para of our audit report on the standalone financial statements of the Company as at and for the year ended March 31, 2026. Accordingly, we have not audited the internal financial controls with reference to standalone financial statements in respect of the valuation and accuracy of the aforesaid actuarial valuation.

MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required by provisions of the Insurance Act, 1938, as amended (the "Insurance Act"), the Insurance Regulatory and Development Authority Act, 1999, as amended (the "IRDA Act"), the Insurance Regulatory and Development Authority of India (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 (the "IRDAI Financial Statements Regulations"), circulars/orders/directions issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") in this regard and the Companies Act, 2013, as amended (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, as applicable to insurance companies.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded

as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2026, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

2 Significant Accounting Policies

a) Basis of Preparation

The accompanying financial statements have been prepared and presented under the historical cost convention, unless otherwise stated, and on accrual basis of accounting, in accordance with accounting principles generally accepted in India, including the provisions of the Insurance Act, 1938 as amended by the Insurance Laws (Amendment) Act 2015 (the "Insurance Act"), the Insurance Regulatory and Development Authority of India (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 (the "IRDA Financial Statements Regulations"), the Master Circular on Actuarial, Finance and Investment Functions of Insurers Ref No. IRDAI/ACTL/CIR/MISC/80/05/2024 dated 17th May, 2024 ("the Master Circular") and various other orders/circulars/directions issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") in this regard, the Accounting Standards specified under Section 133 of the Companies Act, 2013 to the extent applicable and practices prevailing in the insurance industry in India. The accounting policies have been consistently applied by the Company except where differential treatment is required as per new pronouncements issued by the regulatory authorities.

The management evaluates all recently issued or revised accounting pronouncements on an on-going basis.

b) Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles in India ('GAAP') requires that the Company's management make estimates and assumptions that affect the reported amounts of income and expenses for the year, reported balances of assets and liabilities and disclosures relating to contingent liabilities as of the date of the financial statements. The estimates and assumptions used in the financial statements are based upon management's evaluation of the relevant facts and circumstances as on date of the financial statement. Any revision to accounting estimates is recognized prospectively. Examples of such estimates include valuation of policy liabilities, provision for linked liabilities, funds for future appropriations, provision for doubtful debts, valuation of unlisted securities, if any, valuation of debt securities, future obligations under employee retirement benefits plans and the useful lives of fixed assets, etc. Actual results could differ from those estimates.

c) Revenue Recognition

i) Premium Income

Premium for non linked policies is recognized as income when due from policyholders.

For unit linked business, premium income is recognized when the associated units are created.

Premium on lapsed policies is recognized as income when such policies are reinstated.

In case of linked business, top up premium paid by policyholders are considered as single premium and are unitized as prescribed by IRDA Financial Statements Regulations. This premium is recognized when the associated units are created.

Products having regular premium paying plans with limited premium payment term and/or pre-determined policy term are treated as regular business with due classification of premium into first year and renewal. Premium income on products other than aforesaid is classified as single premium.

In case of non-linked business, Top up premiums are considered as single premium.

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

ii) Income from Investments

Interest income on investments is recognized on accrual basis. Amortization of discount/premium relating to the debt securities (in case of non link policy holders) and money market securities is recognized using effective interest rate method (EIR) over the remaining period to maturity of these securities.

Dividend income is recognized on ex-dividend date.

The realised profit/loss on debt/money market securities for other than linked business is the difference between the net sale consideration and the amortized cost.

The realised profit/loss on debt securities held for linked business is difference between net sale consideration and weighted average cost and for money market securities, it is the difference between the net sale consideration and the amortised cost.

The realised profit/loss on sale of equity shares and equity related instruments/mutual fund units is the difference between the net sale consideration and weighted average cost.

Income earned on investments in Alternate Investment Funds is recognised on receipt basis.

iii) Reinsurance premium ceded

Reinsurance premium ceded is accounted for at the time of recognition of the premium income in accordance with the terms and conditions of the relevant treaties with the reinsurers. Impact on account of subsequent revisions to or cancellations of premium is recognized in the year in which they occur. Commission on reinsurance ceded is netted off against premium ceded on reinsurance.

iv) Income from linked policies

Income from linked policies, which include asset management fees, policy administration charges, mortality charges and other charges, if any, are recovered from the linked funds in accordance with the terms and conditions of the policies and recognized when due.

v) Interest Income on Policy Loan

Interest income on loans is recognized on an accrual basis.

vi) Interest income on policy reinstatement

Interest income on policy reinstatement is accounted for on receipt basis and is included in “Others” under "Other Income" in the Revenue Account.

d) Benefits Paid (Including Claims)

Benefits paid comprise of policy benefits and claim including rider settlement costs, if any. Death and other claims are accounted for, when intimated (receipt of required documents). Annuity benefits, periodical benefits, Survival and maturity benefits are accounted when due.

Surrenders/Withdrawals under linked policies are accounted in the respective schemes when the associated units are cancelled as per IRDAI Guidelines and under non linked policies are accounted on the receipt of intimation (receipt of required documents). Amount payable on lapsed/discontinued policies are accounted for on expiry of lock in period of these policies. Surrenders, withdrawals and lapsation are disclosed at net of charges recoverable.

Reinsurance recoverable thereon, if any, is accounted for in the same period as the related claim. Repudiated claims disputed before judicial authorities are provided for net of reinsurance based on management prudence considering the facts and evidences available in respect of such claims.

ii. Valuation

a) Debt securities

- Policyholders' non-linked funds and shareholders' investments:

  All debt and money market securities, Government securities are considered as 'held to maturity' and measured at historical cost subject to amortisation. The discount or premium which is the difference between the purchase price and the redemption amount of fixed income securities is amortized and recognized in the revenue account, using Effective interest rate method (EIR) upto the call date if there is a call option otherwise till maturity date of these securities. The AT1 Bonds are valued at market value, using market yield to call published by SEBI registered rating agency CRISIL, using Bond Valuer.

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

- Policyholders' linked funds:

  Central and State Government securities are valued as per the prices released by CRISIL. All other debt securities with a residual maturity over 182 days are valued through CRISIL Bond Valuer based on the matrix released by CRISIL. Debt securities other than Government securities with a residual maturity up to 182 days are valued at last valuation price plus the difference between the redemption value and last valuation price, spread uniformly over the remaining maturity period of the instrument. Money market instruments (including T Bills) are valued at historical cost, subject to amortization of premium or discount which is the difference between the purchase price and the redemption amount using effective interest rate method over the remaining period to maturity of these securities.

b) i) Equity shares/Non-redeemable Preference shares ,Exchange traded funds and Infrastructure Investment Trusts:

Listed equity/preference shares, Exchange traded funds and Infrastructure Investment Trusts are valued and stated at fair value, using the last quoted closing prices on the National Stock Exchange (NSE), at the balance sheet date. If the equity shares are not traded on the NSE, then closing prices of the Bombay Stock Exchange (BSE) is considered.

Bonus entitlements are recognised as investments on the 'ex-bonus date'. Right entitlements are accrued and recognised on the date the original share (on which the right entitlement accrues) are traded on the stock exchange on an 'ex-rights date'.

Unlisted equity/preference shares are valued at historical Cost with provision for diminution in value of securities.

b) ii) Redeemable Preference shares:

Policyholders' non-linked funds and shareholders' investments:

Redeemable Preference Shares are valued at historical cost, subject to amortization of premium or discount which is the difference between the purchase price and the redemption amount using effective interest rate method over the remaining period to maturity of these securities.

Policyholders' linked funds:

Listed redeemable preference shares are valued and stated at fair value, using the last quoted closing prices on the National Stock Exchange (NSE), at the balance sheet date. If the equity shares are not traded on the NSE, then closing prices of the Bombay Stock Exchange (BSE) is considered.

c) Mutual Funds

Mutual Funds are valued on previous day's net asset value published by the respective mutual funds.

d) Gain/loss

Unrealized gains/losses for debt securities including Government securities, listed equity/preference shares/Infrastructure Investment Trust/ETFs and mutual funds are recognized in revenue account in case of linked funds.

Unrealized gain/loss due to changes in fair value of listed equity/preference shares/Infrastructure Investment Trust/AIFs/ ETFs and mutual funds are taken to the Fair Value Change account for other than linked business and are carried to the Balance Sheet.

e) Alternate Investment Funds(AIFs):

AIFs are valued at latest available NAV at each reporting date. However, if the latest available valuation (audited or unaudited NAV) provided by the AIF predates our initial investment date, the AIF shall be valued at cost initially. If such NAV is not available for more than eighteen months, AIFs will be valued at cost.

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

f) Diminution in the value of Investments

Diminution in the value of investments as at the balance sheet date, other than temporary, is recognized as an expense in the Revenue/Profit & Loss account.

g) Valuation of Derivative Instrument:-

i. ABSLI has Guaranteed products where the returns to the policy holders are fixed and the Company is exposed to interest rate risk on account of investment from receipt of subsequent premiums and sum of interest and maturity from investment made out of premiums received. During the year 2025-26 Company has started entering into Bond Forward for PAR business to protect them from interest rate risk.

A Forward Rate Agreement ('FRA')/Bond Forward Agreement ('BF') transaction is that whereby Company agrees to buy underlying security at fixed yield at future date. Company has entered in FRA/BF to hedge interest rate risk on forecasted premium receivable at future date. As on the date of entering into the FRA/BF, the Company fixes the yield on the investment in a sovereign bond that would take place at a future date. For FRA, there is no obligation/agreement to buy the underlying security from the counterparty, however for BF, there is an obligation/agreement to buy the underlying security from the counterparty.

For Cash Flow Hedges, hedge effectiveness is ascertained at the time of inception of the hedge and periodically thereafter. The portion of fair value gain/loss on the Interest Rate Derivative that is determined to be an effective hedge is recognised directly in appropriate equity account i.e. 'Hedge Fluctuation Reserve'. The ineffective portion of the change in fair value of such instruments is recognised in the Revenue Account in the period in which they arise. If the hedging relationship ceases to be effective or it becomes probable that the expected forecast transaction will no longer occur, hedge accounting is discontinued and accumulated gains or losses that were recognised directly in the Hedge Fluctuation Reserve are reclassified into Revenue Account. All derivatives are initially recognised in the Balance sheet at their fair value, which usually represents their cost. They are subsequently re-measured at their fair value, with the method of recognising movements in this value. All derivatives are carried as assets when the fair values are positive and as liabilities when the fair values are negative.

IRDAI master circular on Actuarial, Finance and Investment Functions of Insurers, 2024 allows insurers to deal in rupee denominated interest rate derivatives. The Company has well defined Board approved Derivative Policy and Process document covering various aspects related to functioning of the derivative transactions which are undertaken to mitigate interest rate risk as per the hedge strategy, thereby managing the volatility of returns from future fixed income investments, due to variations in market interest rates. Mark to market valuation is done independently by both the parties. In case of variation in valuation, the counter party (bank) valuation prevails as the counter party (bank) is the valuation agent as per agreement. However same can be disputed by ABSLI if valuation difference is not agreeable.

ii. Derivatives are undertaken by Company solely for the purpose of hedging interest rate risks on account of following:

a. Reinvestment of maturity proceeds of existing fixed income investments;

b. Investment of interest income receivable; and

c. Expected policy premium income receivable on insurance contracts which are already underwritten.

h) Investment transfer

Transfers of Investments from Shareholders' funds to the Policyholders' funds are affected at the lower of amortized cost or market value in respect of all debt securities including money market instruments and at the cost or market value whichever is lower in case of other securities.

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

Inter-fund transfer of debt securities relating to Linked Policyholders' Funds is effected at last available market value. Inter fund transfer of equity are done during market hours at the prevailing market price.

i) Impairment on Investment

The carrying amounts of investments are reviewed at each balance sheet date. If there is any indicator of impairment based on internal/external factors, an impairment loss is recognized as an expense in Revenue/Profit or Loss account, to the extent of difference between the re-measured fair value and the acquisition cost as reduced by any previous impairment loss recognized as expense in Revenue/Profit and Loss Account. Any reversal of impairment loss, earlier recognized in profit and loss account shall be recognized in Revenue/Profit and Loss account.

h) Loans Against Policies

Loans against policies are valued at the aggregate of book values (net of repayments) plus capitalized interest and accrued interest and are subject to impairment, if any.

Loans are classified as short term in case the maturity is less than twelve months from the balance sheet date. Loans other than short term are classified as long term.

i) Fixed Assets, Capital work in progress and impairment.

i. Tangible assets and depreciation

Fixed assets are stated at cost less accumulated depreciation and impairment, if any. Cost includes the purchase price and any cost directly attributable to bring the asset to its working condition for its intended use. Subsequent expenditure incurred on fixed assets is expensed out in the year of expense except where such expenditure increases the future economic benefits from the existing assets. Any additions to the original fixed assets are depreciated over the remaining useful life of the original assets.

Advances paid towards the acquisition of fixed assets outstanding at each balance sheet date and the cost of fixed assets not ready for its intended use before such date are disclosed under capital work-in-progress.

Fixed assets costing less than ₹ 0.1, being low value assets are fully depreciated in the year of acquisition. The Company has adopted straight-line method of deprecation based on the economic useful life of assets as estimated by the management is as below;

Sr. No.	Assets Type	Useful Lives as per Company's Policy	As per Schedule II of Companies Act, 2013
1	Leasehold Improvements and Furniture and fittings at leased premises	5	Not specified
2	Furniture & Fittings (Other than (1) above)	10	10
3	Vehicles*	4/5	8
4	Office Equipment	5	5
5	Mobile Phones*	2	5
6	Information Technology Equipment		
	- Server	6	6
	- Tablet*	2	3
	- Laptop/Desktop*	4	3
	- Other*	5	3

*For these class of assets, based on internal and/or external assessment/technical evaluation carried out by the management, the management believes that the useful lives as mentioned above best represent the useful life of these respective assets, however these are different than as prescribed under Part C of Schedule II of the Companies Act, 2013.

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026

ii. Intangibles

Intangible assets comprise of software which are stated at cost less accumulated amortization. Significant expenditure incurred on improvement to software are capitalised when it is probable that such expenditure will enable the assets to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably. Subsequent capital expenditures are amortised over the remaining useful life of the original software. Software expenses are amortised using Straight Line Method over a period of five years from the date of being ready to use.

The useful life of Intangible assets are periodically reviewed.

iii. Capital work in progress

Assets not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses.

iv. Impairment of Assets

At each balance sheet date, management assesses whether there is any indication, based on internal/external factors, that an asset may be impaired. Impairment occurs where the carrying value exceeds the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. The impairment loss to be expensed is determined as the excess of the carrying amount over the higher of the asset's net sales price or present value as determined above. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount, subject to maximum of depreciable historical cost.

j) Operating Leases

The Company classifies leases, where the lessor effectively retains substantially all the risks and benefits of ownership over the lease term, as Operating Leases. Operating lease rentals are recognized as an expense on a straight line basis over the lease period.

k) Employee Benefits

i. Short Term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries and bonuses are recognized in the period in which the employee renders the related service.

Additional benefits such as Mediclaim insurance, reimbursements are expensed when incurred by the employee.

ii. Long Term Employment Benefits

The Company has both defined contribution and defined benefit plans. These plans are financed by the Company.

- Defined Contribution Plans:

  The Company defined contribution schemes for superannuation and provident fund to provide retirement benefits to its employees. Contributions to the superannuation schemes and provident fun are made on a monthly basis and charged to revenue account when due.

  National Pension Scheme (which is Company contribution) are the defined contribution plans for the employees. The contributions paid/payable under the plan are made when due and charged to the Revenue Account on an undiscounted basis during the period in which the employee renders the related service. The Company does not have any further obligation beyond the contributions made to the funds.

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

- Defined Benefit Plans:

  Gratuity liability is defined benefit obligation and is funded. The Company accounts for liability for future gratuity benefits based on independent actuarial valuation under revised Accounting Standard 15 (AS 15) on 'Employee Benefits'.

iii. Other Long Term Employee Benefits

Compensated absences are entitled to be carried forward for future encashment or availment, at the option of the employee during the tenure of the employment, subject to the rules framed by the Company in this regard. Accumulated compensated absences entitlements outstanding at the close of the year are accounted on the basis of an independent actuarial valuation. Accumulated entitlements at the time of separation are entitled to be encashed.

Long term incentives plans and deferred compensation plans are subject to fulfilment of criteria prescribed by the Company and are accounted for at the present value of future expected benefits payable using an appropriate discount rate. Actuarial gains or losses, if any, due to experience adjustments and the effects of changes in actuarial assumptions are accounted for in the Revenue Account, as the case may be, in the period in which they arise.

iv. Employee share based payments

The Employee Stock Option Scheme ('the Scheme') provides that eligible employees are granted options to subscribe to equity shares of the Company which vest in a graded manner. The vested options may be exercised within a specified period. The Company follows the fair value method to account for its share-based employee compensation plans in accordance with the Guidance Note on Accounting for Share based Payments, issued by the Institute of Chartered Accountants of India (ICAI) The fair value of shares is derived using Black-Scholes-Merton Model.

l) Foreign Currency Transactions

Transactions in foreign currency are recorded at the rate of exchange prevailing at the date of the transaction. Monetary assets and liabilities in foreign currency are translated at the rates existing as at the balance sheet date. The resulting exchange gain or loss is reflected, in the revenue account or the profit and loss account, as the case may be.

m) Segment Reporting

As per Accounting Standard 17 (AS 17) on 'Segment Reporting' read with the Insurance Regulatory and Development Authority of India (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024, the Company is required to report segment results separately for linked, non-linked, health and pension businesses. The business is broadly classified as Participating non-linked, Non Participating Unit Linked and Non Linked businesses, which are further segmented into Individual Life, Group Life, Group Life Variable, Individual Pension, Annuity Individual, Group Annuity, Group Pension, Group Pension Variable and Individual Health businesses. Accordingly, the Company has prepared the revenue account and balance sheet for these primary business segments separately. Since the business operation of the Company is in India only, the same is considered as one geographical segment.

Allocation Methodology:

The following basis has been used for allocation of revenues, expenses, assets and liabilities to the business segments:

- Revenues, other Income, expenses, assets and liabilities directly attributable and identifiable to business segments, are allocated on actual basis; and

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

- Revenues, other income, other expenses, assets and liabilities which are not directly identifiable though attributable to a business segment, are allocated on the following basis, as considered appropriate by the management:
  - First Year Premium & 10% of Single Premium ;
  - Gross commission;
  - Sum assured;
  - Policy liability;
  - Asset under management;
  - New Business Policy Count;
  - Enforce policy count
  - Employee Cost

The method of allocation and apportionment has been decided based on the nature of the expense and its logical co-relation with various business segments. The allocation and apportionment of expenses amongst various business segments is in accordance with Board Approved Policy.

n) Taxation

i. Direct Taxes

The Income-Tax Act, 1961 prescribes that profits and gains of life insurance Companies will be the surplus or deficit disclosed by the actuarial valuation made in accordance with the Insurance Act.

Deferred income tax is recognized for future tax consequences attributable to timing differences between income as determined by the financial statements and the recognition for income tax purposes. The effect on deferred tax assets and liabilities of a change in tax rates is recognized using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future. However, where there is unabsorbed depreciation or carried forward loss under taxation law, deferred tax assets are recognized only if there is virtual certainty backed by convincing evidence that such deferred assets can be realized. Deferred tax assets are reviewed as at each balance sheet date and written down or written up to reflect the amount that is reasonably or virtually certain, as the case may be, to be realized.

ii. Indirect Taxes

The Company claims credit of Goods and Services tax for input, input services and capital goods, which is set off against tax on output services and goods. The unutilised credits, if any are carried forward to the future period for set off where there is reasonable certainty of utilization.

o) Provisions and Contingencies

A provision is recognized when the Company has a present legal obligation as a result of past event/s and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect current best estimates. A disclosure for contingent liability is made when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources or it cannot be reliably estimated. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. A contingent asset is neither recognized nor disclosed.

Registration Number: 109 dated 31st January 2001

p) Funds for Future Appropriation (FFA)

For Participating business, the balance in the funds for future appropriations account represents funds, the allocation of which, either to participating Policyholders or to Shareholders, has not been determined at the Balance Sheet date. Transfers to and from the fund reflect the excess or deficit of income over expenses and appropriations in each accounting period arising in the Company's Policyholders' fund. In respect of the Participating policies, any allocation to the policyholder would also give rise to a shareholder transfer in the required proportion.

For Unit-Linked business, the funds for future appropriations represents a proportion of the charge deducted from policies on premium discontinuance. This charge is held until the earlier of revival, exit or the end of the revival period of the policy.

q) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

r) Cash and Cash Equivalents

Cash and cash equivalents for the purposes of Receipts and Payments account include cash and cheques in hand; bank balances and other investments with original maturity of three months or less which are subject to insignificant risk of changes in value.

s) Receipts and Payments Account

Receipts and Payments Account is prepared and reported using the Direct Method, in conformity with Para 2(a) (i) of the Master Circular on Actuarial, Finance and Investment Functions of Insurers dated 17th May, 2024 issued by the IRDAI.

t) Actuarial Liability Valuation

The actuarial Liabilities are calculated in accordance with accepted actuarial practice, requirements of Insurance Act, regulations notified by the Insurance Regulatory and Development Authority of India and Actuarial Practice Standards of the Institute of Actuaries of India.

u) Provision for Doubtful Debts

The company regularly evaluates the probability of recovery and provides for doubtful advances and other receivables.

v) Valuation of Loan to Body Corporate

Corporate Loans are valued at cost less provision.

w) Borrowings

The company has valued the unsecured, subordinated, listed and unlisted, redeemable and non-convertible debentures at cost.

Borrowing costs are charged to the Profit and Loss account in the period in which they are incurred.

11 Actuarial Assumptions

The actuarial liabilities are calculated in accordance with accepted actuarial practice, requirements of Insurance Act, Regulations notified by Insurance Regulatory and Development Authority of India and Practice Standards prescribed by the Institute of Actuaries of India.

Unit Reserves

Unit reserves are computed by multiplying the number of units with the unit price as on the valuation date.

Non Unit Reserves

Prospective gross premium cash flow method is used to compute the non unit liabilities in respect of the policies in force as at 31st March, 2026. The cash flows are projected based on assumptions that reflect the expected future experience and have an appropriate allowance for margins for adverse deviations. The major assumptions relate to mortality, interest, expenses, persistency and inflation.

Additionally, for traditional par policies current year bonus rate, future bonus rates and terminal bonuses (wherever applicable) consistent with the valuation interest rate, transfer to shareholders and tax on the surplus are also taken into account while calculating the policy liability.

Additional provisions are made towards:

I. Investment guarantees for unit linked business

II. Substandard lives

III. Unearned premium

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

IV. Reserves for free look option given to the policyholders

Analysis of recent experience has indicated that about **3.28%** (Previous Year - 2.85%) of the individual policyholders tend to exercise the option. Accordingly, with appropriate prudence, **4.375%** (Previous Year - 3.75%) of the total charges collected (for that month) for new policies/coverages issued during a given month is being set aside as the reserve. For traditional products, 4.375% of the modal premiums received (for that month) for new policies/coverage issued during the month less reserves held for such policy is being set aside as reserve.

V Lapse and reduced paid-up policies eligible for revivals

VI New Business Closure Reserve

VII Cash Surrender Value Deficiency Reserve

VIII Premium Waiver Claim Provision

IX Incurred But Not Reported Claims Reserve

For yearly renewable group term business, unearned premium method is used to compute the reserves. In addition to the unearned premium reserve, provision is also made for incurred but not reported claims for group business as well.

For the valuation as on 31st March, 2026, ABSLI has used following valuation assumptions. All these assumptions include margin for adverse deviations.

1 Interest

The interest rates used are in the range **5.40%** (Previous Year - 5.60%) per annum to **8.15%** (Previous Year - 8.15%) per annum.

2 Mortality Rates

The mortality rates used for the valuation of assurance benefits under each segment of business are based on the published IALM (2012-14) Ultimate Mortality Table modified to convert it from age nearest birthday to age last birthday mortality rates. Further to reflect the expected experience for own portfolio, ABSLI has taken multiple of the modified IALM (2012-14) mortality rates. Such mortality multiples are in the range of **22.58% to 506.25%** (Previous Year - 22.58% to 506.25%). The mortality rates used for valuation of annuities are based on the 65.625% - 123.75% of the latest standard Annuitant Mortality Rates (Annuitant's Mortality Table 2012-15).

3 Expenses

The per policy maintenance expenses assumed for the valuation of liabilities are set looking at our recent experience and expected per policy expenses in future as per our business plan. The per policy maintenance expense per annum is in the range of **₹ 8.73 to ₹ 933.75** (Previous Year - ₹ 8.316 to ₹ 970.24) depending on the product. Commission scales have been allowed in accordance with the product filing.

4 Policy Termination Rates

The policy termination rates used for the valuation of liabilities ranges from 0.0% per annum to **48%** per annum (Previous Year - from 0.0% per annum to 48% per annum) for the first three policy years thereafter in the range of 0.0% per annum to **10.2%** per annum (Previous Year - 0.0% per annum to 9% per annum).

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

5 Bonus Rates

Regular and Terminal bonus rates, where applicable, are consistent with the valuation discount rate. This takes in to account the policyholders reasonable expectations (PREs).

6 Policyholder's Reasonable Expectations

For unit linked products Policyholders know that the returns on such plans are market linked and hence ultimate benefit payout would depend upon the mark to market performance of the underlying funds. Each ULIP proposal form is accompanied by a signed sales illustration illustrating values using gross return of **4% and 8% pa** (Previous Year - 4% and 8% pa). For par products the bonus rates are declared consistent with the performance of the par fund and the illustrated rate of bonuses in the sales illustration provided at the time of selling the policy.

7 Taxation and Shareholder Transfers

Future transfers to shareholders as **1/9th** (Previous Year - 1/9th) of Cost of Bonus and tax on the future surpluses to be distributed between policyholders and shareholders are considered in calculation of policy liability for par products.

8 Basis of provisions for incurred but not reported (IBNR) claims

IBNR for individual life business, one-year renewable group term business and group credit life business is determined using chain ladder method taking into account the claim reporting pattern from past claim experience.

An amount of **₹ 23,535.78** (Previous year ₹ 314.58) was recognised in Revenue Account being the loss of the portion determined to be ineffective.

* The Guidance note on Hedge accounting dated 1st June, 2015 issued by Institute of Chartered Accountants of India specifically provides that any cumulative gain or loss on the hedging instrument that remains recognized directly in the appropriate equity account from the period when the hedge was effective should remain recognized in the equity account until the forecast transaction occurs. In addition, IRDAI (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 clearly defines the Fair value change to reflect only unrealized gains/losses arising due to changes in the fair value of listed equity shares and derivative instruments.

Considering the above guidance and in the absence of any other line item to classify the released gains on Policyholders' Account in the Balance Sheet, the Company has reclassed the cumulative realized gains on forward rate agreement/bond forwardss as "Realised Hedge Reserve" under schedule 6 (Reserves and Surplus) of the Financial Statements. The amount under this account shall be recycled to Revenue Account basis the forecasted transaction impacts the Revenue Account. Till such time, the amount reflected as part of Realised Hedge Reserve will not be available for payment of dividends to shareholders.

During the current financial year, the Company has entered bond forwards for hedging in accordance with the IRDAI circular No. IRDAI/F&I/INV/CIR/43/03/2025. The company is aligning the valuation of the hypothetical derivative (hedged item) with that of the actual derivative (hedging instrument) for the purpose of hedge accounting. It is applied on all bond forward contracts entered on or after 25th July 2025.

8. RISK MINIMIZATION STRATEGIES

Company has an Enterprise Risk Management (ERM) framework covering procedures to identify, assess and mitigate the key business risks. Aligned with the business planning process, ERM framework covers all business risks including strategic risk, operational risks, investment risks, regulatory risks and insurance risks. The key business risks identified by the Board's Risk Management Committee are monitored by the Risk Management team and thereafter reported separately to its Risk Management Committee.

The overall business risks and plan are described below:

Strategic Risk

Risk to future earnings or capital in terms of failure to achieve the Company's strategic or long-term business plans

Strategic risks are managed through the Enterprise Risk Management framework using the risk identification and review process. The Risk Management Committee monitors these risks and the action plans for mitigating these risks.

Investment Risk

Risk to Investment Performance can be due to Systematic Risks like Markets, Interest Rates, Liquidity, etc. or Unsystematic Risk like the Company specific or Industry Specific Risks. These risks can impact the Guarantees, other than hampering the Investment performance on temporary/permanent basis.

A governance structure, in form of the Investment Committee, and well-defined investment policies & processes are in place to ensure that the risks involved in investments are identified and acceptable levels are defined. All Regulatory and Internal norms are built in the Investment system, which monitors the Investment limits and exposure norms on real-time basis.

Company's Investment team operates under the close supervision of Investment Committee and Asset Liability Management Committee, appointed by the Board of Directors. The investments are made as per IRDAI regulations and guidelines published in this regard from time to time and are in line with the Investment policy adopted by the Company.

Asset Liability Management (ALM) Risk

An asset-liability mismatch occurs when the financial terms of an institution's assets and liabilities do not correspond. These can lead to non-payment/deferment of claims, expenses, etc.

A governance structure, in form of the ALM Committee and well-defined Asset Liability Management framework is in place to monitor Asset-Liability position of the Company. Its Asset Liability Management Techniques aims to manage the volume, mix, maturity, rate sensitivity, quality and liquidity of assets and liabilities as a whole so as to attain a predetermined acceptable balance between risk and reward.

MANAGEMENT REPORT

For the period ended 31st March 2026
(Currency: In lakhs of Indian Rupees unless otherwise stated)

Operational Risk

The uncertainty arises from more than expected losses or damage to finances or reputation resulting from inadequate or failed internal processes, controls, people, systems or external events.

Company has a specific focus on operational risk that may arise from internal processes, people, systems, or external events. To manage and control operational risk, we use various tools including self-assessments, operational risk incident management, continuous control monitoring and key risk indicators.

As a process, Key Risk Indicators are identified for each risk category, and these are monitored on a periodic basis by the Risk Management function. The Company also assesses and monitors fraud risks to design and implement controls in required process areas. Operational risks are managed according to the Operational Risk Management policy and are reviewed in the Operational Risk Management Committee (ORMC) with the Leadership Team.

Company has a robust Business Continuity Plan and Information Technology Disaster Recovery Plan in place to manage any business/ technology interruption risk. Business Continuity Management System is certified against the global standard ISO 22301:2019 Business Continuity Management System. It also has Business Continuity Policy to have a planned response in the event of any contingency ensuring recovery of critical activities at agreed levels within agreed timeframe thereby complying with various regulatory requirements and minimizing the potential business impact to the Company.

Insurance Risk

The uncertainty of product performance due to differences between the actual experience and expected assumptions affecting amount of claims payout.

Company has also set up processes to continuously monitor its experience with regard to other parameters that affect the value of Company. Such parameters include policy lapses, premium persistency, maintenance expenses and investment returns. The operating expenses are also monitored very closely. Further, the Company has put in place hedging framework for managing investment guarantees offered under non-linked non-participating life insurance products as well as under annuity products with non-single premium paying term. Also, the Company has portfolio of unit linked non-participating life insurance products with investment guarantees and for such products, the Company has set aside investment guarantee reserve.

Further, the possible financial effect of adverse mortality and morbidity experience has been reduced by entering into reinsurance agreements with RGA International, RGA India, Munich Re International, Munich Re India, GIC Re India, Swiss Re international, Assicurazioni Generali S.p.A., SCOR Re, Go Digit Life & Arch Re for individual, health and group life business. All these reinsurers are specialist reinsurance companies with excellent reputation and sound significant financial strength. The Company also has a separate agreement with Sirius Re to cover the catastrophic risks under individual and group business.

Information Security and Cyber Security Risk

The risk arising from IT systems (data leakage, application vulnerabilities, lack of segregation of duties and access control), human error, etc. which can cause damage to finances or reputation

Information Security risks are governed through Information Security Management System aligned and certified against ISO 27001:2022 Information Security Management System which is a global benchmark. The company has a comprehensive Information Security and Cyber security policy designed to comply with ISO 27001, IRDAI Cyber guidelines 2017, privacy and/or data protection legislations as specified in Indian Information Technology Act, 2008 and Notification dated 11th April 2011 on protection of sensitive personal information and it provides direction to Information Security staff, Management and Employees regarding their roles and responsibilities towards Information Security.

11. VALUATION OF INVESTMENTS

1. Debt securities

a. Policyholders' non-linked funds and shareholders' investments:

All debt and money market securities, Government securities are considered as 'held to maturity' and measured at historical cost subject to amortisation. The discount or premium which is the difference between the purchase price and the redemption amount of fixed income securities is amortized and recognized in the revenue account, using Effective interest rate method (EIR) upto the call date if there is a call option otherwise till maturity date of these securities. The AT1 Bonds are valued at market value, using market yield to call published by SEBI registered rating agency CRISIL, using Bond Valuer.

b. Policyholders' linked funds:

Central and State Government securities are valued as per the prices released by CRISIL. All other debt securities with a residual maturity over 182 days are valued through CRISIL Bond Valuer based on the matrix released by CRISIL. Debt securities other than Government securities with a residual maturity up to 182 days are valued at last valuation price plus the difference between the redemption value and last valuation price, spread uniformly over the remaining maturity period of the instrument. Money market instruments (including T Bills) are valued at historical cost, subject to amortization of premium or discount which is the difference between the purchase price and the redemption amount using effective interest rate method over the remaining period to maturity of these securities.

MANAGEMENT REPORT

For the period ended 31st March 2026
(Currency: In lakhs of Indian Rupees unless otherwise stated)

2. (a) Equity shares/Non-redeemable Preference shares, Exchange traded funds and Infrastructure Investment Trusts:

Listed equity/preference shares, Exchange traded funds and Infrastructure Investment Trusts are valued and stated at fair value, using the last quoted closing prices on the National Stock Exchange (NSE), at the balance sheet date. If the equity shares are not traded on the NSE, then closing prices of the Bombay Stock Exchange (BSE) is considered.

Bonus entitlements are recognised as investments on the 'ex-bonus date'. Right entitlements are accrued and recognised on the date the original share (on which the right entitlement accrues) are traded on the stock exchange on an 'ex-rights date'.

Unlisted equity/preference shares are valued at historical Cost with provision for diminution in value of securities.

(b) Redeemable Preference shares:

Redeemable Preference Shares are valued at historical cost, subject to amortization of premium or discount which is the difference between the purchase price and the redemption amount using effective interest rate method over the remaining period to maturity of these securities.

Policyholders' linked funds:

Listed redeemable preference shares are valued and stated at fair value, using the last quoted closing prices on the National Stock Exchange (NSE), at the balance sheet date. If the equity shares are not traded on the NSE, then closing prices of the Bombay Stock Exchange (BSE) is considered.

3. MUTUAL FUNDS

Mutual Funds are valued on previous day's net asset value published by the respective mutual funds.

4. GAIN/LOSS

Unrealized gains/losses for debt securities including Government securities, listed equity/preference shares/Infrastructure Investment Trust/ETFs and mutual funds are recognized in revenue account in case of linked funds.

Unrealized gain/loss due to changes in fair value of listed equity/preference shares/Infrastructure Investment Trust/AIFs/ETFs and mutual funds are taken to the Fair Value Change account for other than linked business and are carried to the Balance Sheet.

5. ALTERNATE INVESTMENT FUNDS(AIFS):

AIFs are valued at latest available NAV at each reporting date. However, if the latest available valuation (audited or unaudited NAV) provided by the AIF predates our initial investment date, the AIF shall be valued at cost initially. If such NAV is not available for more than eighteen months, AIFs will be valued at cost.

6. DIMINUTION IN THE VALUE OF INVESTMENTS

Diminution in the value of investments as at the balance sheet date, other than temporary, is recognized as an expense in the Revenue/Profit & Loss account.

7. VALUATION OF DERIVATIVE INSTRUMENT:-

(a) ABSLI has Guaranteed products where the returns to the policy holders are fixed and the Company is exposed to interest rate risk on account of investment from receipt of subsequent premiums and sum of interest and maturity from investment made out of premiums received. During the year 2025-26 Company has started entering into Bond Forward for PAR business to protect them from interest rate risk.

MANAGEMENT REPORT

For the period ended 31st March 2026
(Currency: In lakhs of Indian Rupees unless otherwise stated)

A Forward Rate Agreement ('FRA')/Bond Forward Agreement ('BF') transaction is that whereby Company agrees to buy underlying security at fixed yield at future date. Company has entered in FRA/BF to hedge interest rate risk on forecasted premium receivable at future date. As on the date of entering into the FRA/BF, the Company fixes the yield on the investment in a sovereign bond that would take place at a future date. For FRA, there is no obligation/agreement to buy the underlying security from the counterparty, however for BF, there is an obligation/agreement to buy the underlying security from the counterparty.

For Cash Flow Hedges, hedge effectiveness is ascertained at the time of inception of the hedge and periodically thereafter. The portion of fair value gain/loss on the Interest Rate Derivative that is determined to be an effective hedge is recognised directly in appropriate equity account i.e. 'Hedge Fluctuation Reserve'. The ineffective portion of the change in fair value of such instruments is recognised in the Revenue Account in the period in which they arise. If the hedging relationship ceases to be effective or it becomes probable that the expected forecast transaction will no longer occur, hedge accounting is discontinued and accumulated gains or losses that were recognised directly in the Hedge Fluctuation Reserve are reclassified into Revenue Account. All derivatives are initially recognised in the Balance sheet at their fair value, which usually represents their cost. They are subsequently re-measured at their fair value, with the method of recognising movements in this value. All derivatives are carried as assets when the fair values are positive and as liabilities when the fair values are negative.

IRDAI master circular on Actuarial, Finance and Investment Functions of Insurers, 2024 allows insurers to deal in rupee denominated interest rate derivatives. The Company has well defined Board approved Derivative Policy and Process document covering various aspects related to functioning of the derivative transactions which are undertaken to mitigate interest rate risk as per the hedge strategy, thereby managing the volatility of returns from future fixed income investments, due to variations in market interest rates.

Mark to market valuation is done independently by both the parties. In case of variation in valuation, the counter party (bank) valuation prevails as the counter party (bank) is the valuation agent as per agreement. However, the same can be disputed by ABSLI if valuation difference is not agreeable.

(b) Derivatives are undertaken by Company solely for the purpose of hedging interest rate risks on account of following:

i. Reinvestment of maturity proceeds of existing fixed income investments;

ii. Investment of interest income receivable; and

iii. Expected policy premium income receivable on insurance contracts which are already underwritten.

12. REVIEW OF ASSET QUALITY AND PERFORMANCE OF INVESTMENTS

a) Performance of investment in terms of portfolios and review of asset quality:

Independent Auditor's Report

To the Members of
Aditya Birla Sun Life Insurance Company Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

1) We have audited the accompanying consolidated financial statements of **Aditya Birla Sun Life Insurance Company Limited** (hereinafter referred to as the Holding Company or Company) and its subsidiary, Aditya Birla Sun Life Pension Fund Management Limited (the Holding Company and its subsidiary together referred to as the Group), comprising of the Consolidated Balance Sheet as at March 31, 2026, Consolidated Revenue Account (also called the Policyholders' Account or the Technical Account), the Consolidated Profit and Loss Account (also called the Shareholders' Account or the Non-Technical Account) and the Consolidated Receipts and Payments Account for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

2) In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor on separate financial statements of the subsidiary referred to in Other Matters section below, the aforesaid consolidated financial statements give the information required by provisions of the Insurance Act, 1938, (the Insurance Act), the Insurance Regulatory and Development Authority Act, 1999, (the IRDA Act), the Insurance Regulatory and Development Authority of India (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 (the IRDAI Financial Statements Regulations), including circulars/orders/directions issued by the Insurance Regulatory and Development Authority of India (the IRDAI) in this regard and the Companies Act, 2013, as amended (the Act) in the manner so required to give a true and fair view in conformity with the Accounting Standards prescribed under Section 133 of the Act (Accounting Standards) and other accounting principles generally accepted in India, as applicable to the insurance companies:

   i. in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at March 31 2026;

   ii. in the case of the Consolidated Revenue Account, of the net deficit for the year ended March 31, 2026;

   iii. in the case of the Consolidated Profit and Loss Account, of the profit for the year ended March 31, 2026; and

   iv. in the case of the Consolidated Receipts and Payments Account, of the receipts and payments for the year ended March 31, 2026.

Basis for Opinion

3) We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (the "SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matter

4) Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	How the matter was addressed in our audit
Information Technology Systems: The Holding Company is dependent on its Information Technology ("IT") systems due to the significant number of transactions that are processed daily across multiple and discrete IT systems. Also, IT application controls are critical to ensure that changes to applications and underlying data are made in an appropriate manner and under controlled environments. Appropriate controls contribute to mitigating the risk of potential fraud or errors as a result of changes to applications and data. On account of the pervasive use of its IT systems, the testing of the general computer controls of the IT systems used in financial reporting was considered to be a Key Audit Matter.	Our audit procedures for assessment of the IT systems and controls over financial reporting, which includes carrying out the key audit procedures, but were not limited to the following: • Obtained an understanding of the Company's key IT systems, IT General Controls which covered access controls, program/system changes, program development and computer operations i.e., job processing, data/system backup and incident management and application controls relevant to our audit. • Tested the design, implementation and operating effectiveness of the general IT controls over the key IT systems that are critical to financial reporting. This included evaluation of entity's controls to check segregation of duties and access rights being provisioned/ modified based on duly approved requests, access for exit cases being revoked in a timely manner and access of all users being re-certified during the period of audit. • Tested application controls (automated controls) relevant to the audit of premium, commission, benefits paid, loans, expenses, payroll, borrowings and investment among others, for evaluating completeness and accuracy and; • Tested compensating controls or performed alternate procedures to assess whether there were any unaddressed IT risks that would impact the controls or completeness and accuracy of data. • We have also evaluated the IS and other technology audit report and accordingly plan our audit approach.

Information Other than the Financial Statements and Auditor's Report Thereon

5) The Holding Company's Board of Directors is responsible for the Other information. The Other Information comprising of the information included in the Management Discussion and Analysis, Corporate Governance Report and the Board's Report including Annexures to Board's Report and such other disclosures related Information which are expected to be made available to us after the date of this auditor's report, but does not include the standalone financial statements, consolidated financial statements and auditor's reports thereon date of this auditor's report. ('Other Information'). The Other Information is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Other Information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

6) The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the Consolidated Balance Sheet, the related Consolidated Revenue Account, the Consolidated Profit and Loss Account and Consolidated Receipts and Payments Account of the group in accordance with the accounting principles generally accepted in India, including the provisions of the Insurance Act, the IRDA Act, the IRDAI Financial Statements Regulations and circulars/orders/ directions issued by the IRDAI in this regard and Accounting Standards specified under section 133 of the Act and other accounting principles generally accepted in India, as applicable to the insurance companies.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities;

selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

7) Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

8) As part of our audit in accordance with SAs we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, to design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the standalone financial statements of the Holding Company included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by the other auditor, such other auditor remain responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

9) Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial

statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

10) The actuarial valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists as at March 31, 2026, is the responsibility of the Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of these liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists as at March 31, 2026, has been duly certified by the Appointed Actuary and in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by the IRDAI and the Institute of Actuaries of India in concurrence with the IRDAI. We have relied upon Appointed Actuary's certificate for forming our opinion on the valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists in consolidated financial statements of the Company.

11) The Consolidated Financial Statements for the year ended March 31, 2025 were audited by S. B. Billimoria & Co. LLP, Chartered Accountants and M M NISSIM & CO LLP, Chartered Accountants, the Joint Statutory Auditors of the Company, whose reports dated April 25, 2025 expressed an unmodified opinion on those financial statements.

Our opinion is not modified in respect of above matters.

12) We did not audit the financial statements of the subsidiary, whose financial statements reflect total assets of ₹ 8,959 lakh as at March 31, 2026, total revenues of ₹ 1,224 lakhs and net cash inflows amounting to ₹ 863 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditor whose report has been furnished to us by the management and our opinion on consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of such subsidiary and our report in terms of sub-section (3) of Section 143 of the Act, in so far it relates to the aforesaid subsidiary, is based solely on the audit report of the other auditor.

Our opinion on the consolidated financial statements and our Report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditor.

Report on Other Legal and Regulatory Requirements

1. As required by the IRDAI Financial Statements Regulations, read with Section 143(3) of the Act based on our audit, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

   (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of the consolidated financial statements except for not complying with the requirement of audit trail as stated in (i)(vi) below;

   (c) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards prescribed under Section 133 of the Act to the extent not inconsistent with the accounting principles prescribed in the IRDAI Financial Statements Regulations, the Insurance Act, the IRDA Act and circulars/orders/directions issued by the IRDAI in this regard.

Independent Auditor's Report (Contd.)

(d) In our opinion and to the best of our information and according to the explanations given to us, investments have been valued in accordance with the provisions of the Insurance Act, the IRDAI Financial Statements Regulations and/or orders/directions issued by the IRDAI in this regard.

(e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2026 and taken on record by the Board of Directors of the Holding Company and the report of the statutory auditor of its subsidiary company incorporated in India, none of the directors of the group companies is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary company incorporated in India and the operating effectiveness of such controls; refer to our separate report in "Annexure A", which is based on the auditors' reports of the Holding company and Subsidiary company. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the consolidation financials statements' internal financial controls with reference to financial statements.

(g) The modification relating to the maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us by the Holding Company and report of the statutory auditor of its subsidiary company, the remuneration paid to their director during the year by the holding company and subsidiary company incorporated in India is in accordance with the provisions of section 197 of the Act read with section 34A of the Insurance Act.

(i) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The Group has disclosed the impact of pending litigations on its financial position in its consolidated financial statements. Refer Schedule 16 Note 17 to the consolidated financial statements

(ii) The liability for insurance contracts, is determined by the Holding Company's Appointed Actuary as per Schedule 16 Note 7 and is covered by the Appointed Actuary's certificate, referred to in Other Matters paragraph above, on which we have placed reliance; and the Group did not have any other long-term contracts including derivative contracts for which there were any material foreseeable losses. Refer Schedule 16 Note 16 to the consolidated financial statements;

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiary company incorporated in India.

(iv) (a) The respective Managements of the Holding Company and its subsidiary which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditor of such subsidiary respectively that, to the best of their knowledge and belief, other than as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its subsidiary to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent/Holding Company or the subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The respective Managements of the Holding Company and its subsidiary which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditor of such subsidiary respectively that, to the best of their

knowledge and belief, other than as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been received by the Holding Company or its subsidiary from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent/Holding Company or the subsidiary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances performed by us and those performed by the auditor of the subsidiary which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditor to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

(v) The Holding Company has not declared or paid any dividend during the year and has not proposed final dividend for the year. Hence, reporting the compliance with section 123 of the Act is not applicable.

(vi) *Based on our examination, which included test checks, the Holding Company has used various accounting software for maintaining its books of accounts which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems, except in respect of the accounting software related to policy administration systems, investments and derivatives, commission, and premium receipting, audit trail feature was not enabled at the database level to log any direct data changes. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with, in respect of accounting software for the period for which the audit trail feature was enabled and operating and the audit trail has been preserved by the Holding Company as per the statutory requirements for record retention apart from the exception mentioned above. (refer note 33 to the consolidated financial statements).*

Annexure "A" to The Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date))

REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 (THE "ACT")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2026, we have audited the internal financial controls with reference to financial statements of Aditya Birla Sun Life Insurance Company Limited (hereinafter referred to as "the Holding Company"), and its subsidiary company incorporated in India, as of that date.

The actuarial valuation of liabilities for life policies in force and policies where premium is discontinued is required to be certified by the Appointed Actuary as per the Insurance Regulatory and Development Authority of India (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 (the "IRDAI Financial Statements Regulations") and has been relied upon by us, as mentioned in paragraph 10 under Other Matters section of our audit report on the consolidated financial statements of the Holding Company as at and for the year ended March 31, 2026. Accordingly, we have not audited the internal financial controls with reference to financial statements in respect of the valuation and accuracy of the aforesaid actuarial valuation.

MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The respective Company's Management and Board of Directors of the Holding Company and its subsidiary company which is incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statement criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required by provisions of the Insurance Act, 1938, as amended (the "Insurance Act"), the Insurance Regulatory and Development Authority Act, 1999, as amended (the "IRDA Act"), the Insurance Regulatory and Development Authority of India (Actuarial, Finance and Investment Functions of Insurers)) Regulations, 2024 (the "IRDAI Financial Statements Regulations"), including circulars/orders/directions issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") in this regard and the Companies Act, 2013, as amended (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, as applicable to insurance companies.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary company incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor of the subsidiary company incorporated in India, in terms of their report referred to in the Other matter paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Holding company and its subsidiary incorporated in India, internal financial controls with reference to consolidated financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A Company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A

Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary company incorporated in India have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2026, based on the internal control with reference to financial statement criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

OTHER MATTER

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to subsidiary company incorporated in India is based on the corresponding reports of the auditor of subsidiary company.

Our Opinion is not modified in respect of the above matter.

2 Significant Accounting Policies

a) Basis of Preparation

These consolidated financial statements of the the Company and its subsidiaries (collectively referred to as the "Group") are prepared in accordance with the principles and procedures for preparation and presentation of consolidated financial statements as laid down under the Accounting Standard (AS) 21, "Consolidated Financial Statements" and are presented in the same format as that of the Company. The financial statements of the Group have been combined on a line-by-line basis by adding together similar items of assets, liabilities, income and expenses in respective components of financial statements after eliminating intra-group balances and transactions. The Policyholders' account specifically dealing with direct insurance business governed by IRDAI regulations has retained its distinct independent form in these consolidated financial statements.

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

The accompanying financial statements have been prepared and presented under the historical cost convention, unless otherwise stated, and on accrual basis of accounting, in accordance with accounting principles generally accepted in India, including the provisions of the Insurance Act, 1938 as amended by the Insurance Laws (Amendment) Act 2015 (the "Insurance Act"), the Insurance Regulatory and Development Authority of India (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 (the "IRDA Financial Statements Regulations"), the Master Circular on Actuarial, Finance and Investment Functions of Insurers Ref No. IRDAI/ACTL/CIR/MISC/80/05/2024 dated 17th May, 2024 ("the Master Circular") and various other orders/circulars/directions issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") in this regard, the Accounting Standards specified under Section 133 of the Companies Act, 2013 to the extent applicable and practices prevailing in the insurance industry in India. The accounting policies have been consistently applied by the Company except where differential treatment is required as per new pronouncements issued by the regulatory authorities.

The management evaluates all recently issued or revised accounting pronouncements on an on-going basis.

b) Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles in India ('GAAP') requires that the Company's management make estimates and assumptions that affect the reported amounts of income and expenses for the year, reported balances of assets and liabilities and disclosures relating to contingent liabilities as of the date of the financial statements. The estimates and assumptions used in the financial statements are based upon management's evaluation of the relevant facts and circumstances as on date of the financial statement. Any revision to accounting estimates is recognized prospectively. Examples of such estimates include valuation of policy liabilities, provision for linked liabilities, funds for future appropriations, provision for doubtful debts, valuation of unlisted securities, if any, valuation of debt securities, future obligations under employee retirement benefits plans and the useful lives of fixed assets, etc. Actual results could differ from those estimates.

c) Revenue Recognition

i) Premium Income

Premium for non-linked policies is recognized as income when due from policyholders.

For unit linked business, premium income is recognized when the associated units are created.

Premium on lapsed policies is recognized as income when such policies are reinstated.

In case of linked business, top up premium paid by policyholders are considered as single premium and are unitized as prescribed by IRDA Financial Statements Regulations. This premium is recognized when the associated units are created.

Products having regular premium paying plans with limited premium payment term and/or pre-determined policy term are treated as regular business with due classification of premium into first year and renewal. Premium income on products other than aforesaid is classified as single premium.

In case of non-linked business, Top up premiums are considered as single premium.

ii) Income from Investments

Interest income on investments is recognized on accrual basis. Amortization of discount/premium relating to the debt securities (in case of non link policy holders) and money market securities is recognized using effective interest rate method (EIR) over the remaining period to maturity of these securities.

Dividend income is recognized on ex-dividend date.

The realised profit/loss on debt/money market securities for other than linked business is the difference between the net sale consideration and the amortized cost.

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

The realised profit/loss on debt securities held for linked business is difference between net sale consideration and weighted average cost and for money market securities, it is the difference between the net sale consideration and the amortised cost.

ii. Valuation

a) Debt securities

- Policyholders' non-linked funds and shareholders' investments:

  All debt and money market securities, Government securities are considered as 'held to maturity' and measured at historical cost subject to amortisation. The discount or premium which is the difference between the purchase price and the redemption amount of fixed income securities is amortized and recognized in the revenue account, using Effective interest rate method (EIR) upto the call date if there is a call option otherwise till maturity date of these securities. The AT1 Bonds are valued at market value, using market yield to call published by SEBI registered rating agency CRISIL, using Bond Valuer

- Policyholders' linked funds:

  Central and State Government securities are valued as per the prices released by CRISIL. All other debt securities with a residual maturity over 182 days are valued through CRISIL Bond Valuer based on the matrix released by CRISIL. Debt securities other than Government securities with a residual maturity up to 182 days are valued at last valuation price plus the difference between the redemption value and last valuation price, spread uniformly over the remaining maturity period of the instrument. Money market instruments (including T Bills) are valued at historical cost, subject to amortization of premium or discount which is the difference between the purchase price and the redemption amount using effective interest rate method over the remaining period to maturity of these securities.

b) i) Equity shares/Non-redeemable Preference shares ,Exchange traded funds and Infrastructure Investment Trusts:

Listed equity/preference shares, Exchange traded funds and Infrastructure Investment Trusts are valued and stated at fair value, using the last quoted closing prices on the National Stock Exchange (NSE), at the balance sheet date. If the equity shares are not traded on the NSE, then closing prices of the Bombay Stock Exchange (BSE) is considered.

Bonus entitlements are recognised as investments on the 'ex-bonus date'. Right entitlements are accrued and recognised on the date the original share (on which the right entitlement accrues) are traded on the stock exchange on an 'ex-rights date'.

Unlisted equity/preference shares are valued at historical Cost with provision for diminution in value of securities

b) ii) Redeemable Preference shares:

Policyholders' non-linked funds and shareholders' investments:

Redeemable Preference Shares are valued at historical cost, subject to amortization of premium or discount which is the difference between the purchase price and the redemption amount using effective interest rate method over the remaining period to maturity of these securities.

Policyholders' linked funds:

Listed redeemable preference shares are valued and stated at fair value, using the last quoted closing prices on the National Stock Exchange (NSE), at the balance sheet date. If the equity shares are not traded on the NSE, then closing prices of the Bombay Stock Exchange (BSE) is considered.

c) Mutual Funds

Mutual Funds are valued on previous day's net asset value published by the respective mutual funds

Unrealized gain/loss due to changes in fair value of listed equity/preference shares/Infrastructure Investment Trust/AIFs/ETFs and mutual funds are taken to the Fair Value Change account for other than linked business and are carried to the Balance Sheet.

e) Alternate Investment Funds(AIFs):

AIFs are valued at latest available NAV at each reporting date. However, if the latest available valuation (audited or unaudited NAV) provided by the AIF predates our initial investment date, the AIF shall be valued at cost initially. If such NAV is not available for more than eighteen months, AIFs will be valued at cost

f) Diminution in the value of Investments

Diminution in the value of investments as at the balance sheet date, other than temporary, is recognized as an expense in the Revenue/Profit & Loss account.

g) Valuation of Derivative Instrument:-

i. ABSLI has Guaranteed products where the returns to the policy holders are fixed and the Company is exposed to interest rate risk on account of investment from receipt of subsequent premiums and sum of interest and maturity from investment made out of premiums received. During the year 2025-26 Company has started entering into Bond Forward for PAR business to protect them from interest rate risk.

A Forward Rate Agreement ('FRA')/Bond Forward Agreement ('BF') transaction is that whereby Company agrees to buy underlying security at fixed yield at future date. Company has entered in FRA/BF to hedge interest rate risk on forecasted premium receivable at future date. As on the date of entering into the FRA/BF, the Company fixes the yield on the investment in a sovereign bond that would take place at a future date. For FRA, there is no obligation/agreement to buy the underlying security from the counterparty, however for BF, there is an obligation/agreement to buy the underlying security from the counterparty.

For Cash Flow Hedges, hedge effectiveness is ascertained at the time of inception of the hedge and periodically thereafter. The portion of fair value gain/loss on the Interest Rate Derivative that is determined to be an effective hedge is recognised directly in appropriate equity account i.e. 'Hedge Fluctuation Reserve'. The ineffective portion of the change in fair value of such instruments is recognised in the Revenue Account in the period in which they arise. If the hedging relationship ceases to be effective or it becomes probable that the expected forecast transaction will no longer occur, hedge accounting is discontinued and accumulated gains or losses that were recognised directly in the Hedge Fluctuation Reserve are reclassified into Revenue Account. All derivatives are initially recognised in the Balance sheet at their fair value, which usually represents their cost. They are subsequently re-measured at their fair value, with the method of recognising movements in this value. All derivatives are carried as assets when the fair values are positive and as liabilities when the fair values are negative.

IRDAI master circular on Actuarial, Finance and Investment Functions of Insurers, 2024 allows insurers to deal in rupee denominated interest rate derivatives. The Company has well defined Board approved Derivative Policy and Process document covering various aspects related to functioning of the derivative transactions which are undertaken to mitigate interest rate risk as per the hedge strategy, thereby managing the volatility of returns from future fixed income investments, due to variations in market interest rates.

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

Mark to market valuation is done independently by both the parties. In case of variation in valuation, the counter party (bank) valuation prevails as the counter party (bank) is the valuation agent as per agreement. However same can be disputed by ABSLI if valuation difference is not agreeable.

ii. Derivatives are undertaken by Company solely for the purpose of hedging interest rate risks on account of following:

a. Reinvestment of maturity proceeds of existing fixed income investments;

b. Investment of interest income receivable; and

c. Expected policy premium income receivable on insurance contracts which are already underwritten.

h) Investment transfer

Transfers of Investments from Shareholders' funds to the Policyholders' funds are affected at the lower of amortized cost or market value in respect of all debt securities including money market instruments and at the cost or market value whichever is lower in case of other securities.

Inter-fund transfer of debt securities relating to Linked Policyholders' Funds is effected at last available market value. Inter fund transfer of equity are done during market hours at the prevailing market price

i) Impairment on Investment

The carrying amounts of investments are reviewed at each balance sheet date. If there is any indicator of impairment based on internal/external factors, an impairment loss is recognized as an expense in Revenue/Profit or Loss account, to the extent of difference between the re-measured fair value and the acquisition cost as reduced by any previous impairment loss recognized as expense in Revenue/Profit and Loss Account. Any reversal of impairment loss, earlier recognized in profit and loss account shall be recognized in Revenue/Profit and Loss account.

h) Loans Against Policies

Loans against policies are valued at the aggregate of book values (net of repayments) plus capitalized interest and interest accrued are subject to impairment, if any.

Loans are classified as short-term in case the maturity is less than twelve months from the balance sheet date. Loans other than short-term are classified as long term.

i) Fixed Assets, Capital Work-in-Progress and impairment.

i. Tangible assets and depreciation

Fixed assets are stated at cost less accumulated depreciation and impairment, if any. Cost includes the purchase price and any cost directly attributable to bring the asset to its working condition for its intended use. Subsequent expenditure incurred on fixed assets is expensed out in the year of expense except where such expenditure increases the future economic benefits from the existing assets. Any additions to the original fixed assets are depreciated over the remaining useful life of the original assets.

Advances paid towards the acquisition of fixed assets outstanding at each balance sheet date and the cost of fixed assets not ready for its intended use before such date are disclosed under capital work-in-progress.

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

Fixed assets costing less than ₹ 0.1, being low value assets are fully depreciated in the year of acquisition. The Company has adopted straight-line method of deprecation based on the economic useful life of assets as estimated by the management is as below;

Sr. No.	Assets Type	Useful Lives as per Company's Policy	As per Schedule II of Companies Act, 2013
1	Leasehold Improvements and Furniture and fittings at leased premises	5	Not specified
2	Furniture & Fittings (Other than (1) above)	10	10
3	Vehicles*	4/5	8
4	Office Equipment	5	5
5	Mobile Phones*	2	5
6	Information Technology Equipment		
	- Server	6	6
	- Tablet*	2	3
	- Laptop/Desktop*	4	3
	- Other*	5	3
	- Computer (Aditya Birla Sun Life Pension Fund Management Limited)	3	3

*For these class of assets, based on internal and/or external assessment/technical evaluation carried out by the management, the management believes that the useful lives as mentioned above best represent the useful life of these respective assets, however these are different than as prescribed under Part C of Schedule II of the Companies Act, 2013.

ii. Intangibles

Intangible assets comprise of software which are stated at cost less accumulated amortization. Significant expenditure incurred on improvement to software are capitalised when it is probable that such expenditure will enable the assets to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably. Subsequent capital expenditures are amortised over the remaining useful life of the original software. Software expenses are amortised using Straight Line Method over a period of five years from the date of being ready to use.

The useful life of intangile assets are periodically reviewed.

Aditya Birla Sun Life Pension Fund Management Limited:

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are amortised as follows:

a) Computer software - over a period of 3 years

b) Website - over a period of 3 years

iii. Capital work-in-progress

Assets not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses.

iv. Impairment of Assets

At each balance sheet date, management assesses whether there is any indication, based on internal/external factors, that an asset may be impaired. Impairment occurs where the carrying value exceeds the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. The impairment loss to be expensed is determined as the excess of the carrying amount over the higher of the asset's net sales price or present value as determined above. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount, subject to maximum of depreciable historical cost.

Registration Number: 109 dated 31st January 2001

j) Operating Leases

The Company classifies leases, where the lessor effectively retains substantially all the risks and benefits of ownership over the lease term, as Operating Leases. Operating lease rentals are recognized as an expense on a straight line basis over the lease period.

k) Employee Benefits

i. Short-Term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries and bonuses are recognized in the period in which the employee renders the related service. Additional benefits such as Mediclaim insurance, reimbursements are expensed when incurred by the employee.

ii. Long-Term Employment Benefits

The Company has both defined contribution and defined benefit plans. These plans are financed by the Company.

- Defined Contribution Plans:

  The Company defined contribution schemes for superannuation and provident fund to provide retirement benefits to its employees. Contributions to the superannuation schemes and provident fun are made on a monthly basis and charged to revenue account when due.

  National Pension Scheme (which is Company contribution) are the defined contribution plans for the employees. The contributions paid/payable under the plan are made when due and charged to the Revenue Account on an undiscounted basis during the period in which the employee renders the related service. The Company does not have any further obligation beyond the contributions made to the funds.

- Defined Benefit Plans:

  Gratuity liability is defined benefit obligation and is funded. The Company accounts for liability for future gratuity benefits based on independent actuarial valuation under revised Accounting Standard 15 (AS 15) on 'Employee Benefits'.

iii. Other Long-Term Employee Benefits

Compensated absences are entitled to be carried forward for future encashment or availment, at the option of the employee during the tenure of the employment, subject to the rules framed by the Company in this regard. Accumulated compensated absences entitlements outstanding at the close of the year are accounted on the basis of an independent actuarial valuation. Accumulated entitlements at the time of separation are entitled to be encashed.

Long-term incentives plans and deferred compensation plans are subject to fulfilment of criteria prescribed by the Company and are accounted for at the present value of future expected benefits payable using an appropriate discount rate. Actuarial gains or losses, if any, due to experience adjustments and the effects of changes in actuarial assumptions are accounted for in the Revenue Account, as the case may be, in the period in which they arise.

iv. Employee share based payments

The Employee Stock Option Scheme ('the Scheme') provides that eligible employees are granted options to subscribe to equity shares of the Company which vest in a graded manner. The vested options may be exercised within a specified period.

The Company follows the fair value method to account for its share-based employee compensation plans in accordance with the Guidance Note on Accounting for Share based Payments, issued by the Institute of Chartered Accountants of India (ICAI) The fair value of shares is derived using Black-Scholes-Merton Model.

I) Foreign Currency Transactions

Transactions in foreign currency are recorded at the rate of exchange prevailing at the date of the transaction. Monetary assets and liabilities in foreign currency are translated at the rates existing as at the balance sheet date. The resulting exchange gain or loss is reflected, in the revenue account or the profit and loss account, as the case may be.

m) Segment Reporting

As per Accounting Standard 17 (AS 17) on 'Segment Reporting' read with the Insurance Regulatory and Development Authority of India (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024, the Company is required to report segment results separately for linked, non-linked, health and pension businesses. The business is broadly classified as Participating non-linked, Non Participating Unit Linked and Non-Linked businesses, which are further segmented into Individual Life, Group Life, Group Life Variable, Individual Pension, Annuity Individual, Group Annuity, Group Pension, Group Pension Variable and Individual Health businesses. Accordingly, the Company has prepared the revenue account and balance sheet for these primary business segments separately. Since the business operation of the Company is in India only, the same is considered as one geographical segment.

Allocation Methodology:

The following basis has been used for allocation of revenues, expenses, assets and liabilities to the business segments:

- Revenues, other Income, expenses, assets and liabilities directly attributable and identifiable to business segments, are allocated on actual basis; and
- Revenues, other income, other expenses, assets and liabilities which are not directly identifiable though attributable to a business segment, are allocated on the following basis, as considered appropriate by the management:
  - First Year Premium & 10% of Single Premium;
  - Gross commission;
  - Sum assured;
  - Policy liability;
  - Asset under management;
  - New Business Policy Count;
  - Enforce policy count
  - Employee Cost

The method of allocation and apportionment has been decided based on the nature of the expense and its logical co-relation with various business segments. The allocation and apportionment of expenses amongst various business segments is in accordance with Board Approved Policy.

n) Taxation

i. Direct Taxes

The Income-Tax Act, 1961 prescribes that profits and gains of life insurance Companies will be the surplus or deficit disclosed by the actuarial valuation made in accordance with the Insurance Act.

Deferred income tax is recognized for future tax consequences attributable to timing differences between income as determined by the financial statements and the recognition for income tax purposes. The effect on deferred tax assets and liabilities of a change in tax rates is recognized using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Registration Number: 109 dated 31st January 2001

Schedules forming part of Financial Statements

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future. However, where there is unabsorbed depreciation or carried forward loss under taxation law, deferred tax assets are recognized only if there is virtual certainty backed by convincing evidence that such deferred assets can be realized. Deferred tax assets are reviewed as at each balance sheet date and written down or written up to reflect the amount that is reasonably or virtually certain, as the case may be, to be realized.

For Aditya Birla Sun Life Pension Fund Management Limited, MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period.

ii. Indirect Taxes

The Company claims credit of Goods and Services tax for input, input services and capital goods, which is set off against tax on output services and goods. The unutilised credits, if any are carried forward to the future period for set off where there is reasonable certainty of utilization.

o) Provisions and Contingencies

A provision is recognized when the Company has a present legal obligation as a result of past event/s and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect current best estimates. A disclosure for contingent liability is made when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources or it cannot be reliably estimated. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. A contingent asset is neither recognized nor disclosed.

p) Funds for Future Appropriation (FFA)

For Participating business, the balance in the funds for future appropriations account represents funds, the allocation of which, either to participating Policyholders or to Shareholders, has not been determined at the Balance Sheet date. Transfers to and from the fund reflect the excess or deficit of income over expenses and appropriations in each accounting period arising in the Company's Policyholders' fund. In respect of the Participating policies, any allocation to the policyholder would also give rise to a shareholder transfer in the required proportion.

For Unit-Linked business, the funds for future appropriations represents a proportion of the charge deducted from policies on premium discontinuance. This charge is held until the earlier of revival, exit or the end of the revival period of the policy.

q) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

r) Cash and Cash Equivalents

Cash and cash equivalents for the purposes of Receipts and Payments account include cash and cheques in hand; bank balances and other investments with original maturity of three months or less which are subject to insignificant risk of changes in value.

s) Receipts and Payments Account

Receipts and Payments Account is prepared and reported using the Direct Method, in conformity with Para 2(a) (i) of the Master Circular on Actuarial, Finance and Investment Functions of Insurers dated 17th May, 2024 issued by the IRDAI.

7 Actuarial Assumptions

The actuarial liabilities are calculated in accordance with accepted actuarial practice, requirements of Insurance Act, Regulations notified by Insurance Regulatory and Development Authority of India and Practice Standards prescribed by the Institute of Actuaries of India.

Unit Reserves

Unit reserves are computed by multiplying the number of units with the unit price as on the valuation date.

Non Unit Reserves

Prospective gross premium cash flow method is used to compute the non unit liabilities in respect of the policies in force as at March 31, 2026. The cash flows are projected based on assumptions that reflect the expected future experience and have an appropriate allowance for margins for adverse deviations. The major assumptions relate to mortality, interest, expenses, persistency and inflation.

Additionally, for traditional par policies current year bonus rate, future bonus rates and terminal bonuses (wherever applicable) consistent with the valuation interest rate, transfer to shareholders and tax on the surplus are also taken into account while calculating the policy liability.

Additional provisions are made towards:

I. Investment guarantees for unit linked business

II. Substandard lives

III. Unearned premium

IV. Reserves for free look option given to the policyholders

Analysis of recent experience has indicated that about **3.28%** (Previous Year - 2.85%) of the individual policyholders tend to exercise the option. Accordingly, with appropriate prudence, **4.375%** (Previous Year - 3.75%) of the total charges collected (for that month) for new policies/coverages issued during a given month is being set aside as the reserve. For traditional products, **4.375%** of the modal premiums received (for that month) for new policies/coverage issued during the month less reserves held for such policy is being set aside as reserve.

V Lapse and reduced paid-up policies eligible for revivals

VI New Business Closure Reserve

VII Cash Surrender Value Deficiency Reserve

VIII Premium Waiver Claim Provision

IX Incurred But Not Reported Claims Reserve

For yearly renewable group term business, unearned premium method is used to compute the reserves. In addition to the unearned premium reserve, provision is also made for incurred but not reported claims for group business as well.

For year ended 31st March, 2026
(Amounts in lakhs of Indian Rupees)

For the valuation as on 31st March 2026, ABSLI has used following valuation assumptions. All these assumptions include margin for adverse deviations.

1 *Interest*

The interest rates used are in the range **5.40%** (Previous Year - 5.60%) per annum to **8.15%** (Previous Year - 8.15%) per annum.

2 *Mortality Rates*

The mortality rates used for the valuation of assurance benefits under each segment of business are based on the published IALM (2012-14) Ultimate Mortality Table modified to convert it from age nearest birthday to age last birthday mortality rates. Further to reflect the expected experience for own portfolio, ABSLI has taken multiple of the modified IALM (2012-14) mortality rates. Such mortality multiples are in the range of **22.58% to 506.25%** (Previous Year - 22.58% to 506.25%) .The mortality rates used for valuation of annuities are based on the 65.625% - 123.75% of the latest standard Annuitant Mortality Rates (Annuitant's Mortality Table 2012-15).

3 *Expenses*

The per policy maintenance expenses assumed for the valuation of liabilities are set looking at our recent experience and expected per policy expenses in future as per our business plan. The per policy maintenance expense per annum is in the range of **₹ 8.73 to ₹ 933.75** (Previous Year - ₹ 8.316 to ₹ 970.24) depending on the product. Commission scales have been allowed in accordance with the product filing.

4 *Policy Termination Rates*

The policy termination rates used for the valuation of liabilities ranges from **0.0% per annum to 48% per annum** (Previous Year - from 0.0% per annum to 48% per annum) for the first three policy years thereafter in the range of **0.0% per annum to 10.2% per annum** (Previous Year - 0.0% per annum to 9% per annum).

5 *Bonus Rates*

Regular and Terminal bonus rates, where applicable, are consistent with the valuation discount rate. This takes in to account the policyholders reasonable expectations (PREs)

6 *Policyholder's Reasonable Expectations*

For unit linked products Policyholders know that the returns on such plans are market linked and hence ultimate benefit payout would depend upon the mark to market performance of the underlying funds. Each ULIP proposal form is accompanied by a signed sales illustration illustrating values using gross return of **4% and 8% pa** (Previous Year - 4% and 8% pa) . For par products the bonus rates are declared consistent with the performance of the par fund and the illustrated rate of bonuses in the sales illustration provided at the time of selling the policy.

7 *Taxation and Shareholder Transfers*

Future transfers to shareholders as 1/9th (Previous Year - 1/9th) of Cost of Bonus and tax on the future surpluses to be distributed between policyholders and shareholders are considered in calculation of policy liability for par products.

8 *Basis of provisions for incurred but not reported (IBNR) claims*

IBNR for individual life business, one-year renewable group term business and group credit life business is determined using chain ladder method taking into account the claim reporting pattern from past claim experience.

An amount of **₹ 23,535.78** (Previous year ₹ 314.58) was recognised in Revenue Account being the loss of the portion determined to be ineffective.

* The Guidance note on Hedge accounting dated June 1, 2015 issued by Institute of Chartered Accountants of India specifically provides that any cumulative gain or loss on the hedging instrument that remains recognized directly in the appropriate equity account from the period when the hedge was effective should remain recognized in the equity account until the forecast transaction occurs. In addition, IRDAI (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 clearly defines the Fair value change to reflect only unrealized gains/losses arising due to changes in the fair value of listed equity shares and derivative instruments.

Considering the above guidance and in the absence of any other line item to classify the released gains on Policyholders' Account in the Balance Sheet, the Company has reclassed the cumulative realized gains on forward rate agreement/bond forwardss as "Realised Hedge Reserve" under schedule 6 (Reserves and Surplus) of the Financial Statements. The amount under this account shall be recycled to Revenue Account basis the forecasted transaction impacts the Revenue Account. Till such time, the amount reflected as part of Realised Hedge Reserve will not be available for payment of dividends to shareholders.

During the current financial year, the Company has entered bond forwards for hedging in accordance with the IRDAI circular No. IRDAI/F&I/INV/CIR/43/03/2025. The company is aligning the valuation of the hypothetical derivative (hedged item) with that of the actual derivative (hedging instrument) for the purpose of hedge accounting. It is applied on all bond forward contracts entered on or after 25th July 2025.
